Mrs. Barbara Ruth Dawson Escapes Auto's Wild Descent In Jethro

A 30-year-old district housewife was in "fair" condition today at City Hospital wth injuries suffered Thursday afternoon when her auto veered off the East Liverpool - Wellsville Rd. in West End, plunged through a guardrail and then bumped 350 feet to the bottom of deep Jethro Hollow without leaving its wheels.

Mrs. Barbara Ruth Dawson of N. Hollywood Dr. escaped with possible back injuries and a bruised forehead in the wild plunge of the auto about 2:10 p.m. yesterday. Officers said the car traveled 350 to 400 feet down the sheer embankment, but Mrs. Dawson apparently escaped death or serious injury because the vehicle did not roll.

The wild descent damaged the left front fender and bumper of the 1963 four - door sedan and scraped the right side.

The woman told Patrolman K. J. Montgomery she was proceeding east near Shadyside Ave. when a black car headed in the same direction passed her and then began to slow. She said she began to pass the black auto and at the same time the other driver started to pull into the left lane.

Mrs. Dawson said her auto was forced across the center divider and the two westbound lanes. The car plunged through a guardrail on the north side of the road, tearing out a post and a 12-foot section of the fence, and then dived down the embankment.

Mrs. Dawson was taken to the hospital by ambulance, treated and released. About three hours later she returned to the hospital and was admitted.

Car Hits 2 Others, Rips Out Guardrails

A Midland man was hospitalized with possible head injuries when his car struck two parked vehicles and ripped out guardrails along Route 68 near the Stop 9 sewage disposal plant in Ohioville Borough at 1:15 a. m. today.

Ohioville Borough and Midland police investigated. Officers said John T. Valenta of 717 Penn Ave. apparently lost control of his 1967 sedan, struck the guardrails and then hit parked cars owned by Harold D. Parks of 3121 6th Ave., Beaver Falls, and Clinton Earl McDole of Smiths Ferry RD 1.

Parks' 1963 sedan received damage to the rear fender and bumper, while extensive damage resulted to the right

Turn Back Three Suicidal Charges In Jungle Clearing

SAIGON (AP) — A South Vietnamese infantry battalion hurled back three suicidal charges by a North Vietnamese regiment today and reported 134 of the enemy killed in a jungle clearing 70 miles north of Saigon.

The action near Phuoc Binh, capital of Phuoc Long Province, was the biggest ground battle in a week dominated by intense U.S. air raids on North Vietnam.

The U.S. Command announced that three U.S. Navy jets were shot down in Thursday's raids and all three pilots were missing. This brought U.S. losses in the past three days to 10 planes and raised to 717 the total of U.S. combat planes officially reported lost over North Vietnam.

American pilots reported shooting down two more enemy MIGs during raids on Hanoi Thursday, bringing their score to 24 Communist jets reported destroyed or damaged in the air and on the ground this week.

The U.S. Command made no report on raids today, but Tass, the Soviet news agency, indicated that Hanoi was hit again. A Tass dispatch from the North Vietnamese capital said that "according to preliminary data," antiaircraft units shot down six U.S. planes today "over Hanoi and its environs."

Capitol Hill Speculation

LBJ 'Interested' In Idea To Have U.N. Act On Viet

WASHINGTON (AP) — Growing support for a resolution aimed at obtaining United Nations action on the Vietnam war is generating Capitol Hill speculation President Johnson might be receptive to the idea.

The resolution sponsored by Senate Democratic Leader Mike Mansfield has gained backing of 56 other senators—Democrats and Republicans, liberals and conservatives, war policy backers and opponents.

While the discreet language of the resolution would merely urge the President to consider directing U.S. representatives to the United Nations to seek action, its passage would be interpreted as an appeal to him to do so.

Approval would express the sense of the Senate and not be binding on the President. But one informed source said he doubted Mansfield would seek to put Johnson in a position of rejecting a suggestion for a possible step toward peace.

The opposite appears to be the case, the source said—that Mansfield expects the President would act on the resolution, with his hand strengthened by the strong support already indicated.

Sen. Wayne Morse, D-Ore., one of the most outspoken critics of Johnson's Vietnam policies, advanced another reason why a resolution on U.N. action might be welcomed by the President. He said it "may be the best way of building bridges between Congress and the executive" on the Vietnam issue.

Morse said Thursday at a hearing of the Senate Foreign Relations Committee that he had discussed the U.N. approach with Johnson and the President had shown intense interest.

Morse said, however, that Johnson made no commitment on his course if a resolution urging U.N. action were passed.

'Team' Puts Final Touch To Proposal

Calls For Special Representative To Go To Middle East

UNITED NATIONS, N.Y. (AP) — A drafting team of the U.N. Security Council was reported near agreement today on a plan aimed at opening the way to a permanent settlement of the Arab-Israeli conflict.

The 10 nonpermanent members of the 15-nation council were to put the final touches to a proposal to send a special U.N. representative to the Middle East.

The drafting team consists of six of the 10 elected council members—India, Argentina, Brazil, Nigeria, Ethiopia and Mali.

Delegates predicted that the full 10-member group would firm up a resolution in time for the council to act on it next week.

The drafting committee has been going over rival plans submitted by India, Denmark and Latin America.

The Indian plan, favored by the Soviet bloc and the Arabs, would give the U.N. representative specific instructions to call for withdrawal of Israeli troops from land they seized from Egypt, Jordan and Syria in the June war.

The Danish draft, supported by the United States and Israel, would merely give general instructions to the representative.

The Latin American proposal resembles that of India, calling for Israeli withdrawal from "positions occupied by it as a result" of the war.

The Indian draft reportedly calls for peace on the basis of respect for the rights of all states to security and independence and an end to the Arab state of belligerency toward Israel.

It would also specify the need for free navigation through international waterways and settlemen of refugee problems.

U.S. Ambassador Arthur J. Goldberg canceled an appearance before the Senate Foreign Relations Committee on Vietnam scheduled for Thursday when he learned that the drafters were on the brink of agreement.

Newell Group Spurs Bid For Post Office

Letters were received from three West Virginia legislators and a postal department official during a meeting of the Newell Civic Council Thursday night in the fire station.

Arnie Durham, president, said correspondence from F. Alvin Webb, regional director of the postal department; Sens. Robert Byrd and Jennings Randolph, and Congressman Arch A. Moore gave support to the council's campaign for obtaining a new post office.

A committee was appointed to study possible sites for the proposed facility. These will be forwarded to post office officials in the hope of speeding action.

The committee includes Mrs. Jean Thornberry, Mrs. Margaret May and Mrs. Joyce Kreider.

Randolph, Byrd, Moore and Webb will be invited to attend a meeting of the Council Nov. 30 at the fire station at 8 p.m.

Twenty attended last night's meeting.

A Leetonia area man became Columbiana County's 30th traffic victim of the year when he was killed Thursday as his car left the road and crashed near Lisbon.

Joseph Edward Davner, 37, of Leetonia RD 2 was pronounced dead on arrival at Salem City Hospital at 11 p.m.

Dr. William Kolozsi, county corner, ruled that death resulted from head injuries and brain damage and speculated that the driver may have dozed at the wheel.

The Ohio Highway Patrol at Lisbon said that, from available evidence, Davner was driving north on Route 164, a mile north of Lisbon, when his car went off the east side of the road, struck a utility pole and a sewer pipe, breaking the pole, continued north and came to rest two feet west of the road.

Mr. Davner was born June 16, 1930, at Lisbon, a son of Joseph and Lillian Felesky Davner.

He was employed by Heim Sheet Metal, Inc., at Lisbon.

Adjournment Eyed Before Thanksgiving

Money Bills Moving In Congress

WASHINGTON (AP) — With hopes high and fingers crossed, Congress is shooting for adjournment of its 1967 session before Thanksgiving Day.

Its leaders believe that with a little luck and no unforeseen snags they can hit that target date after this week's sudden break in the legislative logjam that has dragged the session through almost 10 months.

The big money bills, perennial sources of trouble, have started to move with a rush. Three more were sent to the President Thursday.

But wary leaders, accustomed to have their best-laid plans wrecked, were cautious in their adjournment predictions.

"Only fair," said House Democratic Leader Carl Albert, D-Okla., when asked what he thought of chances for adjournment by Thanksgiving.

"A good chance," said House GOP Leader Gerald R. Ford.

Senate Democratic Leader Mike Mansfield said the Turkey Day get-away prospects were good, if there is to be no tax hike bill.

Chairman Wilbur D. Mills, D-Ark., of the House Ways and Means Committee, appeared to remove Mansfield's "if" by agreeing chances for the late-November adjournment looked good to him. Tax legislation originates in Mills' committee, which could hardly get a revenue measure ready for initial House action before late November.

Senate Republican Leader Everett M. Dirksen was less optimistic than the others. He felt mid-December was a more realistic target date.

The unofficial list of "must" bills for disposal this year has been narrowed. It now includes Social Security, foreign aid, antipoverty and pay raise legislation, plus the remaining money bills. The list may be pared down further as the fever to quit spreads, with only the money measures absolutely demanding action.

None of the left-over bills would lose their advanced position if not acted on by adjournment time, since the present Congress meets again next January and picks up where it leaves off this year.

House-passed bills dealing with aid to education, civil rights and Social Security revision may be brushed aside until next year.

There was general agreement that the biggest stumbling block now in he path of adjournment is the antipoverty program. The Senate has passed a bill to continue the program and the House plans to consider its own version the second week in November.

Pen Pal–Or Pal In Pen?

ATLANTA, Ga. (AP) — Two detectives who captured a man running from a band three months ago now have a pen pal. Or is it a pal in the pen.

Detective J. F. Paschall and O. L. Adams received a letter this week from Jimmy Winters, who was convicted of a $2,776 robbery and sentenced to 15 years in prison.

Winters, 22, thanked the officers for the kind treatment they gave him when he was arrested and said: "See you in 15 years. Your pal. But I hope it isn't under similar conditions."

Excused–In Case Of Fire

CEDARVILLE, Ohio (AP) — About 25 students of Cedarville College are going to become firefighters.

Alpha Chi, a men's literary society, announced Thursday night a service project to provide volunteer fire protection for the small college, the community and surrounding area.

The men are being trained, and are attempting to equip a 1938 pumper donated to the school by Ralph Wenrick, a Springfield construction company owner.

The unit will cooperate with the local volunteer department headed by Chief Robert Dennehy.

The students will be excused from classes in case of fire.

As Protest To Vietnam War

Oberlin College Students Delay Boycott Of Classes

OBERLIN, Ohio (AP)—Oberlin College students protesting the war in Vietnam delayed a threatened classroom boycott today as a followup to a four-hour demonstration Thursday in which fire hoses and tear gas were used.

Dr. Robert K. Carr, Oberlin president, said classes were conducted normally, and that the campus was quiet.

A boycott had been announced at a student meeting Thursday night. Some of the students were incensed that Oberlin city authorities had permitted use of fire hoses and tear gas to disperse a group of about 70 student protestors who had surrounded a Navy recruiter's car.

Lt. Cmdr. C. R. Smith of Detroit, the Navy recruiter, was kept in his car for about four hours by the crowd that surrounded it.

An Oberlin councilman told the student meeting Thursday night that police have been instructed to arrest anyone who violates the law during future demonstrations. No arrests were made Thursday, and there were no injuries, although a few stu-

Fort Steuben Bridge Reopened To Traffic

STEUBENVILLE (AP) — The Fort Steuben Bridge over the Ohio River was reopened today after being closed for repairs since late September.

Ohio authorities completed a "'rush job" of structural repairs to have the bridge open in time for the annual Weirton-Steubenville football game tonight. A crowd of 10,000 is expected.

Both cities have been experiencing massive traffic congestion since the Fort Steuben Bridge was closed. Only the old Market St. bridge, a narrow two-lane structure, was left to handle traffic.

Group Freed Of Charges In Road Protest

Charges filed against 10 northern Hancock County women, who blockaded the Lawrenceville road in protest of highway conditions, were dropped today in the court of New Cumberland Squire John D. Herron upon the recommendation of Prosecutor Floyd Tarr.

The 10 pleaded no contest to the charge of obstructing traffic.

The prosecutor's office was represented by Donald Donell, assistant prosecutor, who reported in view of the facts the prosecutor's office was requesting the charges be dropped and no fines levied.

The bonds posted by four women were returned.

Long Private Talk Held By Pope And Patriarch

By DENNIS F. REDMONT
Associated Press Writer

VATICAN CITY (AP) — Pope Paul VI and Orthodox Patriarch Athenagoras met today in the Pope's study for their longest private talk yet on ways to bring their two churches back together after 900 years apart.

While the 70-year-old Pope and 81-year-old patriarch conferred in French without interpreters, their aides met separately at the Vatican Secretariat for Christian Unity.

The meeting of the Pope and patriarch was regarded as the most important since they began work to unite their churches.

In meetings in Jerusalem three years ago and in Turkey last July they spoke only briefly. Today's meeting was to last most of the morning.

In his speech a' St. Peter's Basilica Thursday, the silver-bearded Athenagoras stressed that "a dialogue of charity" must precede "a dialogue of theologians."

Pope Paul and his aides, on the other hand, have been anxious to move to specific issues which split the two churches into East and West in 1054, the major difference being over the primacy of the Pope.

Prelates from the Christian Unity Office, which handles the Vatican's relations with the Eastern Orthodox church, pointed out that the patriarch made a significant step toward recognizing the importance of Rome for both churches in Thursday's address.

"This seat," the patriarch declared in the largest church of Christendom, "is the first by honor and by order in the organism of Christian churches."

9 U.S. Seaman Hurt In Mishap On Carrier

HONOLULU — Nine seaman were injured Wednesday when an air-to-surface rocket, known as the Zuni, accidentally ignited on board the aircraft carrier USS Coral Sea off North Vietnam, the Navy disclosed today.

The rocket's motor ignited, propelling the missile about 20 feet into the steel bulkhead. The rocket did not explode nor was the operational capacity of the carrier affected, the Navy said.

USW Studies Arbitration In Pact Talks

PITTSBURGH (AP) — The United Steelworkers of America said today that the union has considered arbitration of its upcoming contract negotiations.

Arbitration has never been used voluntarily in contract negotiations for the steel industry.

But the union declined comment on a report that the proposal had deeply divided leaders and was virtually dead.

The union's executive committee discussed the proposal at its meeting in Washington earlier this month.

The national contract for the 450,000 members in the basic steel industry runs out Aug. 1. The present three-year contract was signed without a strike.

The proposal, presented by top leadership, including President I.W. Abel, was prompted by the threat of foreign imports and government intervention.

Union leaders were wary that government opposition would prevent them from striking anyway.

And they were also mindful of producers who would switch to foreign steel, perhaps permanently, if there were even a threat of a strike.

The union worked out the proposal with industry negotiators before presenting it to the executive committee.

The New York Times reported the opposition came from lower echelon leaders — district directors — who felt the union would have a stronger bargaining position if a strike threat hung over negotiations.

The plan advanced by the leadership proposed that the union and industry bargain normally until shortly before the contract deadline, then submit any unresolved issues to an arbitrator. The industry was understood to be in agreement with the plan.

How Can I?

By ANNE ASHLEY

Q.—How can I remove surface discolorations from my bathtub?

A.—Mix a paste of baking powder and peroxide, apply to the discolored areas and, after this has dried, wash it away—and the original luster should then be restored. Incidentally, this is also a very good method of brightening up the finish on your refrigerator.

Q.—How can I renew some rancid butter?

A.—Break the butter up and put into fresh milk. Allow it to absorb the milk, drain thoroughly, then wash in cold salted water, and work it again into the desired form.

Q.—Have you any tips on the easier application of oil stains or water stains on raw wood?

A.—Try using a cellulose sponge, instead of a brush. A sponge will require less frequent dipping, and will make it easier to regulate the amount being applied. And in addition, the square edges of the sponge help when working in corners or along edges.

Q.—How can I keep my coffee pot sweet and clean inside?

A.—Sprinkle salt into the pot, rub well all around with a damp cloth, then rinse with boiling water. Many other tips like this are contained in my new household - hints book.

Q. — How can I renovate a stiffened chamois?

A. — By soaking it in warm water to which a teaspoonful or so of olive oil has been added.

dents were treated for tear-gas effects.

Carr said that Navy recruiters would be back today and that faculty members would escort the recruiters to their scheduled interviews with students on campus.

The student protestors want Armed Forces recruiters banned from campus and demand that no student be dropped from school because of political activity.

Oberlin's policy has been traditionally not to interfere with student or faculty participation in demonstrations away from the campus, Carr said.

However, he said Thursday's demonstrators were "splitting hairs" by staging their demonstration involving the recruiter just off campus. He said any demonstration within the city of Oberlin would be regarded the same way as if it had occurred on campus.

Review of demonstrators' conduct meant that possible disciplinary action, with a maximum penalty of expulsion, could be invoked, Carr said.

An emegency faculty meeting was scheduled for 4:30 p. m. today for futher discussion of the situation, Carr said.

After the car-blockade incident Thusday, some 300 students marched to City Hall and then back to the campus.

Carr told students at an assembly Thursday noon that the conduct of the demonstrators was sowing "the seeds of revolution or anarchy."

Smith was on his way to the campus to conduct interviews with persons interested in entering the Navy when the incident occurred. Two other recruiters traveling separately arrived at the campus without incident.

The students served Smith coffee and donuts while he was trapped in his car. But they voted down his request to go to a restroom.

Police moved in after reports of a scuffle between those blocking the auto and another group protesting the action of fellow students.

Police said they feared the fighting would touch off a major riot among some 300 persons at the scene and they moved in with tear gas bombs. Nine bombs were thrown and firemen hosed down the jeering students for four minutes. Neither effort was effective and eventually the students dispersed on their own.

Opportunity For Thieu To Act

South Vietnam's President Nguyen Van Thieu has initiated a "partial mobilization" movement in his country that would gain favor in America if carried through to completion.

He has ordered lowering of the draft age from 21 to 18 and tightening of deferment regulations. The new draftees will form a supply pool for an announced 60,000 additional men to be put in uniform.

One of the gripes heard frequently about the war is the apparent lack of interest in fighting shown by South Vietnamese troops which forced Americans to handle the bulk of combat.

If Chief of State Theu can show a resolute effort to beef up South Vietnamese troops, he will be beginning to counter one form of criticism of the war.

But it is just a beginning.

To be completely effective the program must include a plan designed either to integrate a large number of South Vietnamese soldiers with American troops in the battle zones, or to replace some of the front-line units of the Americans with South Vietnam outfits.

It would have to be an ambitious progam involving planning and training but the outcome would justify the effort. It would silence a lot of critics by letting the South Vietnamese carry the war burden awhile.

At this time, it seems to be the only plan that could permit a pullback by some of the American forces without handing a victory over to the Viet Cong.

There is no doubt that making the field switch successfully would be a tough job. But, then, what is easy about the Vietnam War?

Historical Hazards

One of the perils of wagon travel in pioneer days, of early 20th Century auto transportation still haunts man in the jet-space age—Mud.

A Boeing 720 transport became stuck in mud at the Greater Pittsburgh Airport Wednesday, stranding 93 passengers for four hours until the plane's right main gear, could be extricated from the sink hole off the runway.

Which reminds all of us of the unchanging perils of fundamental existence waiting just outside our air conditioned, chrome-plated environment. Last week it was highwaymen shooting from hillsides at the trucks. Next week Indians attacking the outpost at Babb's Island?

Raise The Price Of Ego

What is it worth to a motorist to have his initials or some special number, or a combination of the two, on his automobile license plates?

In Ohio, it apparently is worth only $1.00.

In Texas, it is worth $10.00, and 27,000 customers last year were willing to pay the premium price.

Of course, Texas is more liberal in what it will put on a license plate. Some of the orders it is willing to fill get pretty kooky.

It is not uncommon to see plates which read "MIKE' or "HOWDY" or "MILE."

College students are good customers. They're big on slogans, such as "HOOKEM," which comes from the University of Texas football yell, "Hook 'em, Horns."

Many businesses buy personalized plates to advertise their products or services. Entrepeneurs have bought tags that says things like "IFIXTV" and "LOANS." A poker-playing buff requested "AKQJ10" to keep a royal flush fresh in memory.

We doubt that Ohio will ever go to this extreme for "ego plates" but the specialized service certainly is worth more than a buck. Would you believe $5.00?

Unbecoming Arrogance

Unidentified Flying Objects authority J. Allen Hynek has taken a much needed pot-shot at theorists who say UFOs cannot be under extra-terrestrial control according to our knowledge of physics and who dismiss the possibility of other life in the universe.

Mr. Hynek, director of Northwestern University's Dearborn Observatory and consultant to the U.S. Air Force on UFOs, says the position of the theorists makes him believe our present knowledge of physics is in a very elementary stage.

Would the people of the Middle Ages have understood or believed the operation of a jet airplane zipping over their heads? No, but that didn't rule out the possibility of its existence.

Reports from Venus have been interpreted by scientists who label the planet uninhabitable. What they are really saying is conditions apparently exist that are not conducive to life as we know it. That doesn't rule out other forms of life.

If exploration does prove Venus is a dead planet, there are other worlds in the universe that could support life.

To dismiss that which is not understood as nonexistent, or to say life does not exist outside our world, clothes mankind in a suit of arrogance that is unbecoming.

Long Live The Alligator

Something new has been added to the list of things to worry about — alligators.

People in our part of the country haven't given these scaly fellows much thought, but word out of Florida is that poachers are threatening to wipe out the alligator population in Southeastern states.

Alligator hides are much in demand for ladies purses and shoes along with shoes, wallets and belts for men. The demand keeps the army of poachers rolling in money.

The alligator isn't anything you would want to be on a first-name basis with, but he is important in the swampland balance of nature. He eats rattlesnakes and garfish.

In times of drought, like the one in Florida a few months back, his water-filled pools provide a home for marine and animal life that would be wiped out otherwise.

His other distinction is his link with the prehistoric age. The alligator's ancestors lived on earth long before any warm-blooded animal made this his habitat.

He is not handsome by a long shot but he doesn't deserve to go the way of passenger pigeon, buffalo herds and whooping cranes.

Federal laws have been proposed to halt the slaughter that has reduced alligator populations by three-fourths in some places in the past 10 years.

We hope action is not delayed until it is too late to save the alligator. We intend to worry about this, along with the crusade in Asia, the balance of trade deficit and President Johnson.

Purely Personal Observations

As devastating as the picture of Richard Nixon over the question — Would You Buy a Used Car From This Man? — is a current quip about George Romney — Deep Down He's Shallow.

Philosophically, there is an argument to be made for restricted warfare, as opposed to forcing unconditional surrender. Militarily, however, restricted warfare is like a little pregnancy, or a quiet explosion. It doesn't work that way.

I read this capsule summation of the difference between France and the United States in Atlas: That in France everything is geared to giving workers steady employment, but in the United States everything is geared to making a profit, which accounts for the accelerated rate of industrial progress here.

The American Heart Association, it seems to me, is justified in banning cigarette smoking in its offices and official meetings. Now, if the Amercan Medical Association would do something about doctors who tell patients to quit smoking cigarettes, while puffing away on cigarettes . . .

Something says that long-running TV serial about Gen. Custer is going off the air. It is too much to ask that in the final episode the Indians win the last big battle, which is what I've been rooting for ever since westerns became a standby in the entertainment business?

I find it hard to believe professional baseball, football and basketball players are as wracked with pain and disability as dope stories make out — not when they show up for games nimble as squirrels and strong as tigers.

Every autumn I give thought to a better way of keeping warm on winter Sundays while getting my weekend quota of fresh air and may decide this year to wear coveralls — a solution I never have tried. With my other clothes underneath, of course.

I look forward to seeing institutions of advanced learning classified in the next decade according to their quality, in categories ranging from A downward through all letters of the alphabet. I suspect some institutions are going to be startled by finding themselves in X, Y and Z.

What people realize about presidential campaigns is that the candidates are symbols of the forces behind them. The forces, not the candidates, are the real issues. Candidates must be identified through their backers not through their individual traits and beliefs.

I cannot recall how I happened to learn to say, "Thus spake Zarathustra" at the end of discourses — but I do. Zarathustra is the other name for Zoroaster, — whose followers are Zoroastrians, not Zoroastronuts.

The idea of welfare recipents organizing a union to obtain what they should have to uphold their dignity sounds all right until you get to the showdown. What do they do then—refuse to accept anything at all?

When I ventured a guess more than a year ago that the Vietnam War would be the paramount issue in 1968, no one took me seriously. Today all big-time prognosticators say the same thing: The war will be the paramount isssue in 1968. Oh well . . .

People in Lock Haven, Pa., are trying to understand what made 39-year-old Leo Held, a nice guy, go on a shooting rampage that killed six people outright, wounded nine others, three of them critically, and caused police to shoot him down. Simple. Leo Held had had it.

Shall we just say in a spirit of candor that those of us who do not drive trucks missed the missing steel haulers while they were tied up in a labor dispute the way we would miss jam-ups at traffic lights if they never occurred again?

Strike Relief Bugs Labor

DETROIT — Soon enough the big story will be labor's drive to be relieved from paying strike relief. The cost of striking today is higher than running one of those newly developed nations — which can,at least, always borrow from the U.S.

Victor Riesel

No labor leader has been hit harder than the "redhead," Walter Reuther, whose United Auto Workers (UAW) in mid-October was heading for the red — financially — at the rate of some $8.5 million a week.

That's what it was costing the UAW to provide welfare money for its members involved in 30 strikes including Ford.

Now what Reuther and many another labor leaders will campaign for are laws providing for state payment of that strike relief at about the moment the pinch is felt — four to five weeks after the men hit the bricks.

Such a drive will be too late for the Reuther-General Motors confrontation — which could cost the UAW, any time after Oct. 31, some $55 million monthly.

To incur this cost Reuther and his colleagues would have to pull out all the 372,000 U.S. hourly rated GM employes and the Canadian contingent of 23,000 whose separate contract expires 12:01 a.m. Nov. 1.

But the "redhead" has been talking about a selective strike. He has pledged that he would not shut those GM plants producing equipment for other auto companies. Nor would he cripple installations producing defense material. This would keep scores of thousands at the lines, for there are factories which turn out machine guns as well as auto parts.

OF COURSE, the corporation will keep its defense production speeding along. But there is no guarantee now that it would permit a selective stoppage as selected by "Walter" and his joint chiefs of staff. GM could lock them out. The Supreme Court has said it could. This would in turn "domino" the other auto companies. A long walkout could hit Ford, Chrysler and American Motors for which GM makes some parts.

Regardless of either strategy on this industrial war front, the union's strike relief cost will run monthly into the scores of millions. At the height of the Ford, Caterpillar and Burroughs strikes and 27 others the union was paying its people at the rate of some $33 million a month.

At that time, the union's financial man, former violinist Emil Mazey, spoke in a truly doleful tone — he told his people that the union was ready to mortgage its headquarters, Solidarity House, and seek money from other unions. This would have been bitter action for Reuther since he has been so critical of the "banker's mentality" of his former colleagues in labor's high councils.

They would have lent him the millions just as quickly as they rushed to his aid their own national welfare organization, the Community Service Committee, headed by the energentic, continent - hopping Leo Perlis. And all this with the full approval of George Meany. On "this one," one of his aides said the other day, "Walter and George are united; they both want to take the biggest bite out of the corporations possible."

BUT THE MONEY would have to be repaid. Thus the strike cost might yet run about $100 million.

However, the labor leaders reason that the striker is as much out of a job and as much entitled to state unemployment insurance as a shipyard worker phased out by a supersonic airline freighter.

Now there are only four states which pay strikers anything consequential — which leaves the labor movement 46 states to go.

New York is the most generous. A striker there has a "one and seven." Thus he must wait one week and is eligible for unemployment relief at the end of the seventh week of stoppage.

In mini-Rhode Island the waiting period is "one and six" — making it seven weeks of waiting in all.

In New Jersey where the issue is as hot as an astronaut's re-entry shield, the interval is "one week and 42 days." And in West Virginia the law says that after four weeks of strike the union members can apply for relief. Then it's up to the employe to prove he is not responsible for prolonging the walkout.

First labor will campaign for the extension of such laws to the South and West. Then, shortening the waiting period. Finally, hiking the jobless compensation.

Big strikes now are big business — and soon will be everybody's business.

A portion of a statement made by State Sen. John Longsworth is synonymous with the petition being circulated by mothers on the move.

In our petition we have pointed out that taxes are much higher due to fathers not supporting their own children, resulting in large numbers of mothers and children being forced to accept welfare. Our suggestion in this matter is to allow mothers on welfare to earn money working to provide a better living without reduction in allotments in cases where fathers cannot be located, and to pay back welfare received by these dependent children — when located — in cases where the father does not support or leaves town to avoid paying for their children.

We feel that the monies returned to the welfare department could be used for the blind, heart fund, muscular dystrophy, or mental health.

Why should the taxpayers take the burden of the wayward father?

End Of Line

What do the American people really know about how the Vietnam War is being fought and whether the military men who are trained to win war have been rsetricted in their operations by civilian officials?

To undestand the dilemma of the average reader, it is necessary to note a UPI dispatch from Saigon:

"U.S. planes today bombed North Vietnam's largest MIG airfield at Phuc Yen outside Hanoi for the first time in the war."

This airfield, considered to be the key to the defenses around the Hanoi area, might well have been attacked long ago. But, for some undisclosed reason, permission to do so was denied.

American pilots, press dispatches from Saigon say, were so anxious to bomb the airfield that when it was removed from the restricted list, "pilots of all three American air arms volunteered for the raid — Navy, Air Force and Marines."

It was one of the rare three-way aerial efforts of the war.

WHY WASN'T this important target bombed two years ago? For the answer to this, people would have read printed testimony released by a subcommittee of the Armed Services Committee of the U.S. Senate.

The record of the hearings held Aug. 28 and 29 runs 132 pages — about 60,000 words — and covers the testimony of Gen. Harold K. Johnson, chief of staff of the United States Army, Gen. Wallace M. Greene, commandant of the U.S. Marine Corps, and Maj. Gen. Gilbert L. Meyers, formerly deputy commander of the Seventh Air Force in Vietnam.

Their statements leave no question about the position of these military men. They were not permitted to bomb certain targets.

The civilian officials who vetoed their plans did not testify at the same time, but in earlier hearings had stated that attacking these targets was not in line with the objectives of the war.

The policy decided on, instead, was one of "gradualism" — which means a steadily increasing pressure with the hope that this would discourage the North Vietnamese and bring them to the peace table.

After two years of effort, the policy has failed. Now the United States is beginning to do what its military commanders recommended in 1965.

Gen. Johnson said in his testimony:

"The decision to apply gradually increasing pressures in contrast to as large an effort as possible against substantially the same target systems was one that was made approximately two years ago. My view at that time was that the most effective way to employ air power in the North was as heavy a blow as possible over as short a period of time as possible. This view was not accepted."

Gen. Johnson added that "from a military point of view, a sharp blow against the important targets" would have been more effective than the more gradual approach.

Gen. Greene disclosed that he also did not agree with the concept of "gradualism" and that he believes more progress would have been made had a system of concentrated attack been used.

He affirmed the fact that the enemy has been given plenty of time not only to disperse supplies and storage facilities but to build up their air defenses around important targets because attacks on those points were delayed.

GEN. MEYERS expressed the same view and revealed that the restricted bombing policy has had an adverse effect on the morale of pilots.

When asked whether the American forces had the capability in 1965 to destroy or impair all the targets in North Vietnam, including the port of Haipong, he answered in the affirmative.

He said, "we have been slapping them on the cheek, over a long period of time, and we should have been hitting them on the jaw and knocking them out."

But who is going to decide such issues when they arise in the councils of the government?

The civilians have had an idea that to adopt a more vigorous course might antogonize the Communist allies of the North Vietnamese. The military men feel that the decision should be based on their advice.

They believe that American lives are being risked needlessly and that the casualty lists can be substantially reduced over a period of time if the military policies which they advocate are sanctioned by the commander-in-chief — namely, the President of the United States.

Opportunity For Thieu To Act

South Vietnam's President Nguyen Van Thieu has initiated a "partial mobilization" movement in his country that would gain favor in America if carried through to completion.

He has ordered lowering of the draft age from 21 to 18 and tightening of deferment regulations. The new draftees will form a supply pool for an announced 60,000 additional men to be put in uniform.

One of the gripes heard frequently about the war is the apparent lack of interest in fighting shown by South Vietnamese troops which forced Americans to handle the bulk of combat.

If Chief of State Theu can show a resolute effort to beef up South Vietnamese troops, he will be beginning to counter one form of criticism of the war.

But it is just a beginning.

To be completely effective the program must include a plan designed either to integrate a large number of South Vietnamese soldiers with American troops in the battle zones, or to replace some of the front-line units of the Americans with South Vietnam outfits.

It would have to be an ambitious progam involving planning and training but the outcome would justify the effort. It would silence a lot of critics by letting the South Vietnamese carry the war burden awhile.

At this time, it seems to be the only plan that could permit a pullback by some of the American forces without handing a victory over to the Viet Cong.

There is no doubt that making the field switch successfully would be a tough job. But, then, what is easy about the Vietnam War?

Historical Hazards

One of the perils of wagon travel in pioneer days, of early 20th Century auto transportation still haunts man in the jet-space age—Mud.

A Boeing 720 transport became stuck in mud at the Greater Pittsburgh Airport Wednesday, stranding 93 passengers for four hours until the plane's right main gear, could be extricated from the sink hole off the runway.

Which reminds all of us of the unchanging perils of fundamental existence waiting just outside our air conditioned, chrome-plated environment. Last week it was highwaymen shooting from hillsides at the trucks. Next week Indians attacking the outpost at Babb's Island?

Raise The Price Of Ego

What is it worth to a motorist to have his initials or some special number, or a combination of the two, on his automobile license plates?

In Ohio, it apparently is worth only $1.00.

In Texas, it is worth $10.00, and 27,000 customers last year were willing to pay the premium price.

Of course, Texas is more liberal in what it will put on a license plate. Some of the orders it is willing to fill get pretty kooky.

It is not uncommon to see plates which read "MIKE' or "HOWDY" or "MILE."

College students are good customers. They're big on slogans, such as "HOOKEM," which comes from the University of Texas football yell, "Hook 'em, Horns."

Many businesses buy personalized plates to advertise their products or services. Entrepeneurs have bought tags that says things like "IFIXTV" and "LOANS." A poker-playing buff requested "AKQJ10" to keep a royal flush fresh in memory.

We doubt that Ohio will ever go to this extreme for "ego plates" but the specialized service certainly is worth more than a buck. Would you believe $5.00?

Unbecoming Arrogance

Unidentified Flying Objects authority J. Allen Hynek has taken a much needed pot-shot at theorists who say UFOs cannot be under extra-terrestrial control according to our knowledge of physics and who dismiss the possibility of other life in the universe.

Mr. Hynek, director of Northwestern University's Dearborn Observatory and consultant to the U.S. Air Force on UFOs, says the position of the theorists makes him believe our present knowledge of physics is in a very elementary stage.

Would the people of the Middle Ages have understood or believed the operation of a jet airplane zipping over their heads? No, but that didn't rule out the possibility of its existence.

Reports from Venus have been interpreted by scientists who label the planet uninhabitable. What they are really saying is conditions apparently exist that are not conducive to life as we know it. That doesn't rule out other forms of life.

If exploration does prove Venus is a dead planet, there are other worlds in the universe that could support life.

To dismiss that which is not understood as nonexistent, or to say life does not exist outside our world, clothes mankind in a suit of arrogance that is unbecoming.

Long Live The Alligator

Something new has been added to the list of things to worry about — alligators.

People in our part of the country haven't given these scaly fellows much thought, but word out of Florida is that poachers are threatening to wipe out the alligator population in Southeastern states.

Alligator hides are much in demand for ladies purses and shoes along with shoes, wallets and belts for men. The demand keeps the army of poachers rolling in money.

"We found out that they (the women) had contacted the state representatives from this county, including State Sen. William Tompos, the state road commissioner and Congressman Arch A. Moore Jr., who tried to get action before they blockaded the road, but failed to obtain results," Donell said.

Police were investigating a mishap this morning in which a 26-year-old man was injured as a truck collided with a utility pole on St. Clair Ave. between Park Blvd. and Armstrong Ln.

Kenneth Hutchison of Calcutta was admitted to City Hospital with lacerations of the scalp and a possible skull fracture. His condition was described as "fair."

not aware of the situation existing in Lawrenceville until the story of the women's blockade and their resulting arrest appeared in the newspaper.

"We found out that they (the women) had contacted the state representatives from this county, including State Sen. William Tompos, the state road commissioner and Congressman Arch A. Moore Jr., who tried to get action before they blockaded the road, but failed to obtain results," Donell said.

"It was Mr. Tarr's recommendation to the squire that while the women should be fined for breaking the law, which they admitted they did, there was no malice and they did not cause any physical damage or injury to anyone and in view of those facts the prosecutor issued his recommendation.

"Squire Herron concurred with the state and dismissed the charges.

"Even though they haven't requested assistance from the prosecutor's office, we will go to Charleston next Tuesday to see if anything can be done to help them. We plan to talk to whomever will listen."

He added the women were advised that if they have any complaints they should go to the state senators and delegates from the area.

One Of Quads Born On Wednesday Alive

LOUISVILLE, Ky. (AP) — Only one of the quadruplets born Wednesday remained alive here late Thursday night.

Doctors blamed the deaths of the other three infants on their arrival nearly two months early to Mrs. John Mouser of Nelson County. The 35-year-old mother was in good condition.

The first infant to die was one of the two girls, who weighed one pound, 11 ounces at birth. She died early Thursday. The largest of the four infants, a boy, died Thursday afternoon. He weighed two pounds, 10 ounces at birth.

The second girl, weighing one pound, 5½ ounces at birth, died Thursday night.

The Mousers have five other children, three boys and two girls, ranging in age from two to 12.

Truck Crash Injures Man

Police were investigating a mishap this morning in which a 26-year-old man was injured as a truck collided with a utility pole on St. Clair Ave. between Park Blvd. and Armstrong Ln.

Kenneth Hutchison of Calcutta was admitted to City Hospital with lacerations of the scalp and a possible skull fracture. His condition was described as "fair."

Witnesses said the truck hit the pole in what apparently was a one - vehicle mishap shortly after 10 a.m. The truck is owned by the M. & M. Vending Co. of W. 8th St. Witnesses said the front of the vehicle was smashed and part of its candy cargo was scattered on the pavement.

Patrolmen K. J. Montgomery and Jerry F. Adkins made the initial investigation.

Meanwhile, an auto and a truck were damaged and a city street sign was bent over in another mishap this morning at Pennsylvania and Dewey Aves.

Police said the mishap involved a 1961 sedan driven by Robert E. Mills, 30, of 1347 Sunnyside Ave. and a 1958 model truck owned by the Golden Star Dairy Co. and driven by Joseph A. Cahoon, 27, of Chester, RD 1.

Mills told police he was proceeding east on Pennsylvania Ave. and his brakes failed as he attempted to halt for a stop signal at Dewey Ave. Cahoon reported he was driving into the intersection with the light in his favor when his truck was hit by the auto. One of the vehicles then bent over the metal standard of the street marker, officers said.

The collision damaged the front and left side of the auto and the front bumper and grill of the truck, officers said.

Strikes Cited By J&L In Dip Of Sales, Income

PITTSBURGH (AP) — Jones & Laughlin reported that strikes and production problems forced shipments, sales and income down sharply in the third quarter.

However, the company said it expected the final three months of the year to be the best quarter unless there is a new strike in the auto industry.

J&L, the nation's fifth largest producer, said that compared with the same period last year, production was down 18 per cent, shipments down 14.5 per cent and sales down 13 per cent.

Net income for the year so far was $23.8 million, compared to $44.7 million for the same period last year.

J&L said it had production problems with major new installations at the Aliquippa and Cleveland works. In addition, a wildcat strike at Cleveland and the trucks strike cut production, the firm said.

Negotiations Due In Toledo Police Issue

TOLEDO, Ohio (AP) — The city has announced it is ready to resume negotiations with policemen who have been demonstrating the last two days in a demand for more money.

Negotiations broke off Monday, and policemen, who received salary boosts about a year ago, have been picketing city Hall since Wednesday. The picketing has been by off-duty policemen.

City Manager Frank Backstrom said Thursday night the city was ready to resume talks. He sent telegrams to James Tierney, president of the Fraternal Order of Police chapter, and Art Harvey, an official of the Patrolmen's Benevolent Association.

Backstrom said he realized the talks were on "dead center," and wanted to place in writing the city's willingness to negotiate.

The city and police reportedly are about $700 apart in the dispute. Backstrom said the city was prepared to offer beginning patrolmen $8,260 a year after their probation period is over, and that policemen are demanding $8,900.

Under the new pay scale granted a year ago, the current salary for beginning patrolmen is $6,420 and goes to $6,900 after that. After one year they get $7,176. The policemen also are asking for increased fring benefits.

In Address To Congress

Diaz Asks Better Trade Opportunities For Latins

WASHINGTON (AP) — President Gustavo Diaz Ordaz of Mexico, a nation which is a major customer of U.S. goods, spoke out in Congress today for greater trade opportunities for Latin America and other developing areas.

He did not refer directly, in a speech to a joint session of the Senate and House, to a wave of protectionist bills now pending in Congress to restrict imports of a variety of products. But Latin American nations, the Scandinavian countries and the European Common Market nations have registered vigorous opposition to such measures with the State Department.

The Mexican president's appearance at the Capitol constituted his major address on this country where he is on a state visit, with his wife, as guests of President and Mrs. Johnson. Johnson also has spoken out against the protectionist measures.

From a 21-gun arrival salute on the White House South lawn to a presidential state dinner Thursday night, the red carpet was out for the first Mexican president to visit the United States in eight years.

President Johnson, raising his glass in a champagne toast, said: "May the peace and friendship which unites our nations be a symbol to others of how nations should conduct themselves."

The two presidents are celebrating the final ceremonials of the Chamizal Treaty through which the two nations peacefully settled a 105-year-old border dispute.

Before Diaz Ordaz entertains President and Mrs. Johnson tonight at a dinner in the Mexican Embassy, the two heads of state will witness formal signing of a treaty transferring the small strip of land known as El Chamizal—the thicket—from Texas to the Mexican state of Chihuahua.

El Chamizal was carved out of Mexico by a southward shift in the course of the Rio Grande River in 1852. Its restoration to Mexico ends negotiations begun in 1963 by President John F. Kennedy and Mexican President Adolfo Lopez Mateos.

Johnson and Diaz Ordaz are scheduled to take part Saturday in ceremonies at El Paso, Tex., commemorating the peaceful conclusion of the land dispute.

The Interagency Committee on Mexican-American Affairs opened a hearing Thursday in El Paso as a prelude to Saturday's ceremonies. The first day of hearings erupted into charges that those invited to testify were not representative of the Southwest's Mexican-Americans.

Vice President Hubert H. Humphrey is slated to address the hearing today, stopping off briefly en route to Southeast Asia where he'll spend eight days on a three-nation tour.

The formal White House dinner party for Diaz Ordaz and his wife, with 190 guests, was the biggest since early this year and had a celebrity-studded turnout, including Mexico's famous actor Cantinflas and American diplomatic, political and theatrical personalities, among them actress Merle Oberon who lives in Acapulco, Mexico.

Woman Kills Young Bandit In Holdup Bid

PITTSBURGH (AP) — "You better get out or I'll shoot," Mrs. Frances Albrecht shouted at two young bandits holding a gun over her son. One of the men fired and she returned the fire, killing one youth and sending the other running, police said.

Mrs. Albrecht, 47, was grinding meat in the rear of her grocery store Thursday when two young men entered and demanded money from her son minding the front counter, she told police.

They pulled a gun, she said. Mrs. Albrecht looked up, edged over to a cigar box where a gun had been hidden for 23 years and never used.

"You better get out or I'll shoot," police quoted her as saying. Her demand was answered by a shot from one of the bandit's pistol.

She fired, sending the gunman crashing to the floor with $40 from the cash register clutched in one hand and the pistol in another, officers said.

Killed by a single bullet in the head was Edward Miles, 18, of the Homewood section.

Mrs. Albrecht's son, Michael, 16, who suffered a powder burn on the left wrist, called police and said, "My mother just shot a man. He tried to hold her up."

"She was standing there holding the gun. She gave it to me and sat down," said Patrolman Francis Murphy, one of the first officers to arrive at the store.

What Mrs. Albrecht didn't know was that the robber's gun was a starter pistol holding blanks.

No charges were filed against her.

The students were evacuated. The building was checked and the children were returned in groups of 20 to get their belongings. By 2:45 p. m. all students had been dismissed for the day.

Judicial Philosophy In Focus

New High Court Justice Taking 'Liberal Stance'

WASHINGTON (AP) — Thurgood Marshall's judicial philosophy came sharply into focus in his first month as a Supreme Court justice.

Although the term is young and the evidence necessarily limited, an analysis of his performance to date indicates a liberal stance—but a rather cautious one.

On the liberal side of the ledger, the former advocate for Negroes' civil rights joined in reversing the murder convictions of two Alabama Negroes. In one case, the court found evidence of exclusion of Negroes from juries. In the other it found the Negro confessed after the police chief threatened to kill him.

To a man, Marshall's eight colleagues voted to reverse these convictions. But in a less noticed action, the court's first Negro justice stood with liberals Abe Fortas and William O. Douglas apart from the other members of the court in a fair trial decision.

As U.S. Solicitor General, Marshall had appealed publicly to the nation's prosecutors to make sure defendants get a fair trial. Last Monday he took a significant stand in this area.

At the murder trial of a California man the prosecution introduced testimony that the defendant had offered to make a deal if he could be spared from the gas chamber.

Convicted and under life sentence, he appealed to the Supreme Court and was turned down. Dissenting, Marshall and Douglas joined Fortas in criticizing the majority for not taking the case and deciding if admission of such statements at trial should be prohibited.

In the areas of obscenity and church-state relations, however, Marshall seems to be taking a more moderate position. The result has been decisive.

He voted against hearing the appeal of an artist convicted in Miami for exhibiting six allegedly obscene statues in his backyard. And he voted against hearing an Amish farmer's claim that Kansas' compulsory school attendance law violates religious freedom.

In the obscenity case, Justices Potter Stewart, Hugh L. Black and Douglas voted to reverse the conviction and said the Miami ordinance prohibiting "the knowing possession of obscene figures or images for sale" was clearly unconstitutional.

In the church-state case, Chief Justice Earl Warren, Douglas and Fortas dissented.

Since approval of four justices is required to have a case heard by the court, each appeal fell short by one vote.

On the bench, Marshall has actively questioned the contesting attorneys. His approach has been pithy and direct. In trying to get at the heart of one case, he told a lawyer: "I don't want to get bogged down in language."

Obviously, more will be known about Marshall's views as the term wears on. But for the moment, he does not appear to be the "constitutional iconoclast" denounced by several Southern senators who opposed his nomination.

'Land Diving' Staged And Not One Injury

SYDNEY, Australia (AP) — 'Land diving" ceremonies were held again recently at Singwiel Village in the New Hebrides group, the South Pacific Commission reported.

For the ceremony, which the commission said is held at irregular intervals of several years, the local men build an 80-foot tower from bush timber.

Diving towers are then built at different heights, and two vines attached to the front end of each platform. The vines are cut to exactly the right length so that they will stop a diver just before his head would hit the ground.

The commission said 16 divers took part in the recent ceremony, that some dived twice during the day, and that nobody was injured.

Negotiations Due In Toledo Police Issue

TOLEDO, Ohio (AP) — The city has announced it is ready to resume negotiations with policemen who have been demonstrating the last two days in a demand for more money.

Negotiations broke off Monday, and policemen, who received salary boosts about a year ago, have been picketing city Hall since Wednesday. The picketing has been by off-duty policemen.

City Manager Frank Backstrom said Thursday night the city was ready to resume talks. He sent telegrams to James Tierney, president of the Fraternal Order of Police chapter, and Art Harvey, an official of the Patrolmen's Benevolent Association.

Backstrom said he realized the talks were on "dead center," and wanted to place in writing the city's willingness to negotiate.

The city and police reportedly are about $700 apart in the dispute. Backstrom said the city was prepared to offer beginning patrolmen $8,200 a year after their probation period is over, and that policemen are demanding $8,900.

Under the new pay scale granted a year ago, the current salary for beginning patrolmen is $6,420 and goes to $6,900 after that. After one year they get $7,176. The policemen also are asking for increased fring benefits.

In Address To Congress

Diaz Asks Better Trade Opportunities For Latins

WASHINGTON (AP) — President Gustavo Diaz Ordaz of Mexico, a nation which is a major customer of U.S. goods, spoke out in Congress today for greater trade opportunities for Latin America and other developing areas.

He did not refer directly, in a speech to a joint session of the Senate and House, to a wave of protectionist bills now pending in Congress to restrict imports of a variety of products. But Latin American nations, the Scandinavian countries and the European Common Market nations have registered vigorous opposition to such measures with the State Department.

The Mexican president's appearance at the Capitol constituted his major address on this country where he is on a state visit, with his wife, as guests of President and Mrs. Johnson. Johnson also has spoken out against the protectionist measures.

From a 21-gun arrival salute on the White House South lawn to a presidential state dinner Thursday night, the red carpet was out for the first Mexican president to visit the United States in eight years.

President Johnson, raising his glass in a champagne toast, said: "May the peace and friendship which unites our nations be a symbol to others of how nations should conduct themselves."

The two presidents are celebrating the final ceremonials of the Chamizal Treaty through which the two nations peacefully settled a 105-year-old border dispute.

Before Diaz Ordaz entertains President and Mrs. Johnson tonight at a dinner in the Mexican Embassy, the two heads of state will witness formal signing of a treaty transferring the small strip of land known as El Chamizal—the thicket—from Texas to the Mexican state of Chihuahua

El Chamizal was carved out of Mexico by a southward shift in the course of the Rio Grande River in 1852. Its restoration to Mexico ends negotiations begun in 1963 by President John F. Kennedy and Mexican President Adolfo Lopez Mateos.

Johnson and Diaz Ordaz are scheduled to take part Saturday in ceremonies at El Paso, Tex., commemorating the peaceful conclusion of the land dispute.

The Interagency Committee on Mexican-American Affairs opened a hearing Thursday in El Paso as a prelude to Saturday's ceremonies. The first day of hearings erupted into charges that those invited to testify were not representative of the Southwest's Mexican-Americans.

Vice President Hubert H. Humphrey is slated to address the hearing today, stopping off briefly en route to Southeast Asia where he'll spend eight days on a three-nation tour.

The formal White House dinner party for Diaz Ordaz and his wife, with 190 guests, was the biggest since early this year and had a celebrity-studded turnout, including Mexico's famous actor Cantinflas and American diplomatic, political and theatrical personalities, among them actress Merle Oberon who lives in Acapulco, Mexico.

Woman Kills Young Bandit In Holdup Bid

PITTSBURGH (AP) — "You better get out or I'll shoot," Mrs. Frances Albrecht shouted at two young bandits holding a gun over her son. One of the men fired and she returned the fire, killing one youth and sending the other running, police said.

Mrs. Albrecht, 47, was grinding meat in the rear of her grocery store Thursday when two young men entered and demanded money from her son minding the front counter, she told police.

They pulled a gun, she said. Mrs. Albrecht looked up, edged over to a cigar box where a gun had been hidden for 22 years and never used.

"You better get out or I'll shoot," police quoted her as saying. Her demand was answered by a shot from one of the bandit's pistol.

She fired, sending the gunman crashing to the floor with $40 from the cash register clutched in one hand and the pistol in another, officers said.

Killed by a single bullet in the head was Edward Miles, 18, of the Homewood section.

Mrs. Albrecht's son, Michael, 16, who suffered a powder burn on the left wrist, called police and said, "My mother just shot a man. He tried to hold her up."

"She was standing there holding the gun. She gave it to me and sat down," said Patrolman Francis Murphy, one of the first officers to arrive at the store.

What Mrs. Albrecht didn't know was that the robber's gun was a starter pistol holding blanks.

No charges were filed against her.

Judicial Philosophy In Focus

New High Court Justice Taking 'Liberal Stance'

WASHINGTON (AP) — Thurgood Marshall's judicial philosophy came sharply into focus in his first month as a Supreme Court justice.

Although the term is young and the evidence necessarily limited, an analysis of his performance to date indicates a liberal stance—but a rather cautious one.

On the liberal side of the ledger, the former advocate for Negroes' civil rights joined in reversing the murder convictions of two Alabama Negroes. In one case, the court found evidence of exclusion of Negroes from juries. In the other it found the Negro confessed after the police chief threatened to kill him.

To a man, Marshall's eight colleagues voted to reverse these convictions. But in a less noticed action, the court's first Negro justice stood with liberals Abe Fortas and William O. Douglas apart from the other members of the court in a fair trial decision.

As U.S. Solicitor General, Marshall had appealed publicly to the nation's prosecutors to make sure defendants get a fair trial. Last Monday he took a significant stand in this area.

At the murder trial of a California man the prosecution introduced testimony that the defendant had offered to make a deal if he could be spared from the gas chamber.

Convicted and under life sentence, he appealed to the Supreme Court and was turned down. Dissenting, Marshall and Douglas joined Fortas in criticizing the majority for not taking the case and deciding if admission of such statements at trial should be prohibited.

In the areas of obscenity and church-state relations, however, Marshall seems to be taking a more moderate position. The result has been decisive.

He voted against hearing the appeal of an artist convicted in Miami for exhibiting six allegedly obscene statues in his backyard. And he voted against hearing an Amish farmer's claim that Kansas' compulsory school attendance law violates religious freedom.

In the obscenity case, Justices Potter Stewart, Hugh L. Black and Douglas voted to reverse the conviction and said the Miami ordinance prohibiting "the knowing possession of obscene figures or images for sale" was clearly unconstitutional.

In the church-state case, Chief Justice Earl Warren, Douglas and Fortas dissented.

Since approval of four justices is required to have a case heard by the court, each appeal fell short by one vote.

On the bench, Marshall has actively questioned the contesting attorneys. His approach has been pithy and direct. In trying to get at the heart of one case, he told a lawyer: "I don't want to get bogged down in language."

Obviously, more will be known about Marshall's views as the term wears on. But for the moment, he does not appear to be the "constitutional iconoclast" denounced by several Southern senators who opposed his nomination.

'Land Diving' Staged And Not One Injury

SYDNEY, Australia (AP) — 'Land diving" ceremonies were held again recently at Singwiel Village in the New Hebrides group, the South Pacific Commission reported.

For the ceremony, which the commission said is held at irregular intervals of several years, the local men build an 80-foot tower from bush timber.

Diving towers are then built at different heights, and two vines attached to the front end of each platform. The vines are cut to exactly the right length so that they will stop a diver just before his head would hit the ground.

The commission said 16 divers took part in the recent ceremony, that some dived twice during the day, and that nobody was injured.

Check Cases Due Tuesday

Acting Judge Robert A. Kapp today set hearings Tuesday morning at 9 for a Wellsville man charged with issuing fraudulent $50 checks to two East Liverpool business places.

George Deem Jr. of 800 Broadway, Wellsville, is charged with cashing a check Oct. 16 at the Tri-State Appliance Co. store on Market St. and another on Oct. 18 at the Smith & Phillips Co. on Washington St.

Deem pleaded not guilty on both counts and requested a continuance to allow him to obtain counsel. In effect, he asked for court - appointed counsel, telling the judge he was "without funds." The court set bond at $1,000 in each case.

Kapp pointed out to the defendant that the first such offense is a misdemeanor under state law and can be disposed of by a lower court. But a second offense under the same statute is considered a felony, he added.

Since the alleged offense at Tri-State Appliance preceded the alleged cashing of the check at Smith & Phillips, the Oct. 16 charge will be treated as a misdemeanor and the Oct. 18 affidavit will be handled as a felony, requiring the court to conduct a preliminary hearing to determine if the defendant should be held to the Grand Jury, Kapp said.

Ralph A. Finley, secretary - treasurer, signed the charge on behalf of Smith & Phillips. David McDonald signed the allegation on behalf of Tri-State Appliance.

In both instances, the affidavits allege that Deem "unlawfully, knowingly and with intent to defraud" presented the $50 checks drawn on the First National Bank, although he did not have sufficient funds to his credit at the bank.

'Gang' Faces New Hearing

WEIRTON — Members of a gang which has been terrorizing students at football games here face another hearing Saturday morning after being released into the custody of their parents following an appearance earlier this week before John Grossi, Hancock County juvenile officer.

The seven youthful offenders, 13 and 14 years old, were picked up by police and charged with a series of incidents at the gridiron contests.

Offenses considered included a "shakedown," where the gang of boys threatened students for their money and refreshment tickets. The gang would also "rough up" students and tear their clothing.

The most serious offense occurred when the gang jumped three students at the football game last Friday night, causing serious injury to one of the students and his sister who required medical treatment.

Restrictions were placed on the youths, who were released into the custody of their parents until another hearing Saturday morning.

In the meantime, the parents of the offenders were ordered to make restitution for damages incurred in the incidents.

Chief of Police Edward Frankovitch issued a strict warning that further incidents at the games will be dealt with severely and parents will be held fully responsible for the actions of their children.

The Boston Red Sox won the American League pennant by beating the Minnesota Twins in the last two games of the season.

Check Cases Due Tuesday

Acting Judge Robert A. Kapp today set hearings Tuesday morning at 9 for a Wellsville man charged with issuing fraudulent $50 checks to two East Liverpool business places.

George Deem Jr. of 800 Broadway, Wellsville, is charged with cashing a check Oct. 16 at the Tri-State Appliance Co. store on Market St. and another on Oct. 18 at the Smith & Phillips Co. on Washington St.

Deem pleaded not guilty on both counts and requested a continuance to allow him to obtain counsel. In effect, he asked for court - appointed counsel, telling the judge he was "without funds." The court set bond at $1,000 in each case.

Kapp pointed out to the defendant that the first such offense is a misdemeanor under state law and can be disposed of by a lower court. But a second offense under the same statute is considered a felony, he added.

Since the alleged offense at Tri-State Appliance preceded the alleged cashing of the check at Smith & Phillips, the Oct. 16 charge will be treated as a misdemeanor and the Oct. 18 affidavit will be handled as a felony, requiring the court to conduct a preliminary hearing to determine if the defendant should be held to the Grand Jury, Kapp said.

Ralph A. Finley, secretary - treasurer, signed the charge on behalf of Smith & Phillips. David McDonald signed the allegation on behalf of Tri-State Appliance.

In both instances, the affidavits allege that Deem "unlawfully, knowingly and with intent to defraud" presented the $50 checks drawn on the First National Bank, although he did not have sufficient funds to his credit at the bank.

'Gang' Faces New Hearing

WEIRTON — Members of a gang which has been terrorizing students at football games here face another hearing Saturday morning after being released into the custody of their parents following an appearance earlier this week before John Grossi, Hancock County juvenile officer.

The seven youthful offenders, 13 and 14 years old, were picked up by police and charged with a series of incidents at the gridiron contests.

Offenses considered included a "shakedown," where the gang of boys threatened students for their money and refreshment tickets. The gang would also "rough up" students and tear their clothing.

The most serious offense occurred when the gang jumped three students at the football game last Friday night, causing serious injury to one of the students and his sister who required medical treatment.

Restrictions were placed on the youths, who were released into the custody of their parents until another hearing Saturday morning.

In the meantime, the parents of the offenders were ordered to make restitution for damages incurred in the incidents.

Chief of Police Edward Frankovitch issued a strict warning that further incidents at the games will be dealt with severely and parents will be held fully responsible for the actions of their children.

The Boston Red Sox won the American League pennant by beating the Minnesota Twins in the last two games of the season.

Facts and Fallacies about Jewelry

FALLACY:
As long as a watch runs properly, it's better left alone.

FACT:
Any watch requires regular cleaning and lubrication. Dirt does accumulate . . . and the oil in watches will dry out in time. Even though the watch will keep running after the last oil has disappeared from the bearings, friction will result. A general rule is, the smaller the watch, the more often it needs this attention. All watches should get it at least once a year.

Hearing Set Nov. 28 On W.Va. Liquor Law

CHARLESTON (AP) — Circuit Court Judge Frank Taylor has scheduled a hearing Nov. 28 on the state's motion to dismiss an amended petition of a church temperance group, which challenges the legality of the state's private club liquor law.

The state's motion claims that the amended complaint does not set out a controversy of a justifiable nature between plaintiff and the defendant and that the United Church Alcohol Action Program, the plaintiff, has not joined all persons shown to be necessary parties based on the allegations contained in the petition.

The UACCP filed the amended petition Oct. 11 after Judge Taylor dismissed an earlier petition because no defendants were named.

Martins Ferry School Board Cited For Salary Violation

MARTINS FERRY, Ohio (AP)—The State Department of Education ruled Thursday night the Martins Ferry Board of Education has violated..state laws by violating salary increases granted teachers earlier this year.

The teachers have boycotted classes since Tuesday in the pay dispute with the board, forcing schools to close.

Martin Essex, state superintendent of public instruction, ordered President Carl A. Mitchell of the Martins Ferry board, to "take appropriate corrcetive action and notify me of your compliance within 10 days."

The boycott was triggered Monday night when the board adopted a resolution calling for an attorney general's opinion on whether 87 teachers should be given the pay raises.

The teachers staged a walkout last spring, and board members questioned their right to the pay hikes under Ohio's law banning strikes by public employes. The teachers walked out last spring in a dispute over recognition of the Classroom Teachers Association.

The board rescinded its resolution Tuesday, but then readopted it at a meeting at noon Thursday.

Essex said an investigation found that the action taken Thursday by the board "is not in accordance with law."

Essex said, "my consultation with the office of the Ohio attorney general supports the legality of this finding."

There was no immediate comment from Martin Ferry board members.

In other developments Thursday, Supt. John Pickens gave the school board three pages of recommendations which the Classroom Teachers Association said would end the boycott, but board members refused to officially accept them.

The recommendations included a professional negotiating policy and a new salary schedule.

Today In Washington

WASHINGTON (AP) — Today's Navy Day and Sen Charles H. Percy, R-Ill., has succeeded in getting Navy bean soup on the Senate menu alongside the traditional Senate beansoup.

Senate restaurant manager Joseph K. Diamond said the Navy bean soup will go on the menu for the first time ever as far as he knows as a result of Percy's Senate-floor appeal last week.

Percy—a Navy lieutenant during World War II—assured the Senate his appeal on behalf of the Navy soup meant no disrespect for the Senate's own famous bean soup.

"Without Senate bean soup to support this body during the long winter session, I shudder to think where the nation might be today," he said.

"But I would hope that for at least this one day there would be room on the menu for two bean soups."

There is.

WASHINGTON (AP) — Organizations represented at the National Conference for New Politics in Chicago in September are being investigated by the staff of the Senate Internal Security subcommittee.

Subcommittee sources said it does not have the funds to probe all of the 200 organizations which took part, but that much information already is being gathered.

The new politics group, said Chairman James O. Eastland in a recent Senate speech, "is working hand in glove with the Communist party" to promote revolution."

The subcommittee's action was denounced by Joseph L. Rauh, vice chairman of Americans for Democratic Action, as 'an affront to the Senate and a vote of no confidence in our Democratic political processes."

—:—

WASHINGTON (AP) — Because many rioters want to overturn the government or institutions of society their actions are subversive on their face, a Baltimore lecturer on mob psychology has told the House Committee on Un-American Activities.

Herman K. Lerner cited speeches by H. Rap Brown and Stokely Carmichael, the present and former chairmen of the Student Nonviolent Coordinating Committee, threatening to "burn down the nation."

—:—

Capital Footnotes

A 10 per cent decrease in the number of local government units over the last five years has been reported by the U.S. Census Bureau. Most of the decrease was due to school reorganizatons and consolidations. Increases were noted in special districts, such as water supply, flood control and soil conseva-tion.

Capital Quote

"These wretched few can no longer be tolerated. They must be held in check and when necessary, be brought to justice legally but firmly by the scruff of their collective necks."—A joint statement by Republican congressional leaders praising those antiwar protesters who demonstrated peacefully at the Lincoln Memorial and condemning those who engaged in violence at the Pentagon.

Hearing Set Nov. 28 On W.Va. Liquor Law

CHARLESTON (AP) — Circuit Court Judge Frank Taylor has scheduled a hearing Nov. 28 on the state's motion to dismiss an amended petition of a church temperance group, which challenges the legality of the state's private club liquor law.

The state's motion claims that the amended complaint does not set out a controversy of a justifiable nature between plaintiff and the defendant and that the United Church Alcohol Action Program, the plaintiff, has not joined all persons shown to be necessary parties based on the allegations contained in the petition.

The UACCP filed the amended petition Oct. 11 after Judge Taylor dismissed an earlier petition because no defendants were named.

Martins Ferry School Board Cited For Salary Violation

MARTINS FERRY, Ohio (AP)—The State Department of Education ruled Thursday night the Martins Ferry Board of Education has violated..state laws by violating salary increases granted teachers earlier this year.

The teachers have boycotted classes since Tuesday in the pay dispute with the board, forcing schools to close.

Martin Essex, state superintendent of public instruction, ordered President Carl A. Mitchell of the Martins Ferry board, to "take appropriate corrcetive action and notify me of your compliance within 10 days."

The boycott was triggered Monday night when the board adopted a resolution calling for an attorney general's opinion on whether 87 teachers should be given the pay raises.

The teachers staged a walkout last spring, and board members questioned their right to the pay hikes under Ohio's law banning strikes by public employes. The teachers walked out last spring in a dispute over recognition of the Classroom Teachers Association.

The board rescinded its resolution Tuesday, but then readopted it at a meeting at noon Thursday.

Essex said an investigation found that the action taken Thursday by the board "is not in accordance with law."

Essex said, "my consultation with the office of the Ohio attorney general supports the legality of this finding."

There was no immediate comment from Martin Ferry board members.

In other developments Thursday, Supt. John Pickens gave the school board three pages of recommendations which the Classroom Teachers Association said would end the boycott, but board members refused to officially accept them.

The recommendations included a professional negotiating policy and a new salary schedule.

Today In Washington

WASHINGTON (AP) — Today's Navy Day and Sen Charles H. Percy, R-Ill., has succeeded in getting Navy bean soup on the Senate menu alongside the traditional Senate beansoup.

Senate restaurant manager Joseph K. Diamond said the Navy bean soup will go on the menu for the first time ever as far as he knows as a result of Percy's Senate-floor appeal last week.

Percy—a Navy lieutenant during World War II—assured the Senate his appeal on behalf of the Navy soup meant no disrespect for the Senate's own famous bean soup.

"Without Senate bean soup to support this body during the long winter session, I shudder to think where the nation might be today," he said.

"But I would hope that for at least this one day there would be room on the menu for two bean soups."

WASHINGTON (AP) — Organizations represented at the National Conference for New Politics in Chicago in September are being investigated by the staff of the Senate Internal Security subcommittee.

Subcommittee sources said it does not have the funds to probe all of the 200 organizations which took part, but that much information already is being gathered.

The new politics group, said Chairman James O. Eastland in a recent Senate speech, "is working hand in glove with the Communist party" to promote revolution."

The subcommittee's action was denounced by Joseph L. Rauh, vice chairman of Americans for Democratic Action, as 'an affront to the Senate and a vote of no confidence in our Democratic political processes."

WASHINGTON (AP) — Because many rioters want to overturn the government or institutions of society their actions are subversive on their face, a Baltimore lecturer on mob psychology has told the House Committee on Un-American Activities.

Herman K. Lerner cited speeches by H. Rap Brown and Stokely Carmichael, the present and former chairmen of the Student Nonviolent Coordinating Committee, threatening to "burn down the nation."

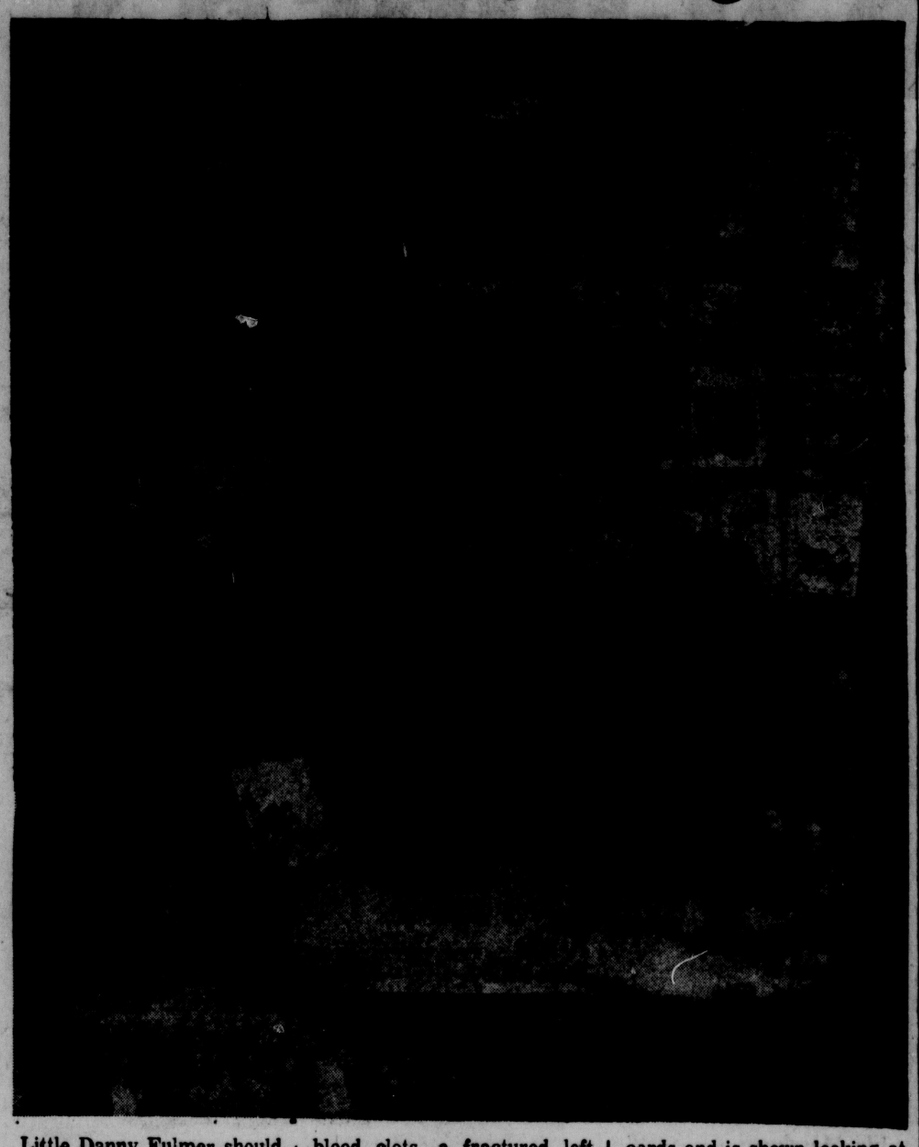
The Mailman Comes Through

Cards Make Life Brighter



Little Danny Fulmer should be attending first grade at Lincoln School and like other youngsters preparing to play trick-or-treat on Halloween night.

Instead, he is playing a waiting game wrapped in a 60-pound cast that extends from his feet to halfway up his chest.

The cast was applied after Danny narrowly escaped death last Aug. 6 when hit by a car while crossing a road near his aunt's home at Midway Lake near Lisbon.

—:—

DANNY suffered severe head injuries resulting in blood clots, a fractured left leg and thigh and became partially paralyzed in the left arm.

According to his parents, Mr. and Mrs. Ralph Fulmer of 1824 Allison St., Danny must remain in the cast for at least three months and a plate in his leg must be removed in a year.

While Danny can't play with the other children in his neighborhood, the one person he looks forward to seeing each day is the mailman, who has brought him more than 70 get-well cards.

—:—

HE ENJOYS receiving cards and is shown looking at a Halloween card.

Danny wears a patch over one eye to keep his eyes from becoming crossed, another complication from the accident.

His mother said some of the cards are from people he doesn't even know. Several church groups have sent fruit and candy baskets after hearing of Danny's misfortune.

With Halloween just around the corner, it's a good bet Danny will have more cards to add to the wall display.

Sentences Are Handed Down In 'Joy Ride,' Theft Cases

LISBON — Three young men were sentenced Thursday in Common Pleas Court — two for stealing a car for a "joy ride" and the other for taking the transmissions from two cars.

Judge Joel H. Sharp imposed a sentence of three months in the County Jail and a $200 fine on two East Liverpool residents — Raymond Poole, 23, of 108 E. 6th St. and Terry Wolfe, 18, of 106 W. Drury Ln.

—:—

THE COURT suspended two months of the jail time and all the fine, with the warning that the suspension would be revoked if they are again convicted of an offense and that they would have to serve the two months and pay all the fine before beginning any new sentence.

Judge Raymond S. Buzzard terminated probation granted last Jan. 19 to Daniel W. Adams, 19, of 857 N. Ellsworth Ave., Salem, and sentenced him to two concurrent terms of 1 to 7 years in the Ohio State Reformatory.

Adams pleaded guilty in September 1966 to the theft of transmissions May 15 and June 1, 1966, from cars at Parker Chevrolet in Salem.

Adams was cited to court yesterday by Richard Rose, adult probation officer, and was found in violation of probation terms.

—:—

ON TUESDAY of this week, Adams was bound over to the Grand Jury on a charge of breaking into a building owned by Ray E. Whinery of Lisbon RD 4. The alleged offense occurred Oct. 5.

The grand jury last month indicted Poole and Wolfe on two counts — auto theft and operating a motor vehicle last July 12 without the consent of the owner, James C. Wilkinson.

The defendants pleaded not guilty at arraignment Sept. 29. Yesterday, however, they asked and were given permission to plead guilty to the second count with the understanding the first count (auto theft) will be dropped.

Testimony developed that the pair took the car on Vine St., drove about two miles and abandoned it against a tree on Franklin St. near St. Clair Ave.

Judge Sharp inquired whether the car had been damaged and both defendants said it had not. Wolfe said he bumped the tree slightly while parking.

Sentences Are Handed Down In 'Joy Ride,' Theft Cases

LISBON — Three young men were sentenced Thursday in Common Pleas Court — two for stealing a car for a "joy ride" and the other for taking the transmissions from two cars.

Judge Joel H. Sharp imposed a sentence of three months in the County Jail and a $200 fine on two East Liverpool residents — Raymond Poole, 23, of 108 E. 6th St. and Terry Wolfe, 18, of 106 W. Drury Ln.

—:—

THE COURT suspended two months of the jail time and all the fine, with the warning that the suspension would be revoked if they are again convicted of an offense and that they would have to serve the two months and pay all the fine before beginning any new sentence.

Judge Raymond S. Buzzard terminated probation granted last Jan. 19 to Daniel W. Adams, 19, of 857 N. Ellsworth Ave., Salem, and sentenced him to two concurrent terms of 1 to 7 years in the Ohio State Reformatory.

Adams pleaded guilty in September 1966 to the theft of transmissions May 15 and June 1, 1966, from cars at Parker Chevrolet in Salem.

Adams was cited to court yesterday by Richard Rose, adult probation officer, and was found in violation of probation terms.

—:—

ON TUESDAY of this week, Adams was bound over to the Grand Jury on a charge of breaking into a building owned by Ray E. Whinery of Lisbon RD 4. The alleged offense occurred Oct. 5.

The grand jury last month indicted Poole and Wolfe on two counts — auto theft and operating a motor vehicle last July 12 without the consent of the owner, James C. Wilkinson.

The defendants pleaded not guilty at arraignment Sept. 29. Yesterday, however, they asked and were given permission to plead guilty to the second count with the understanding the first count (auto theft) will be dropped.

Testimony developed that the pair took the car on Vine St., drove about two miles and abandoned it against a tree on Franklin St. near St. Clair Ave.

Judge Sharp inquired whether the car had been damaged and both defendants said it had not. Wolfe said he bumped the tree slightly while parking.

Shriners' Band To Take Part In Cleveland Rites

The East Liverpool Oriental Band, under the direction of J. E. Curry, will participate in a parade in conjunction with the cornerstone laying of the Al Koran Temple fraternal Mosque Sunday at Cleveland.

Donald E. Kretzinger of Toledo, the new grand master of Free Masons in Ohio, will officiate at the ceremonies.

The new Mosque will represent a fraternal investment of more than $1,600,000 when completed and will serve as headquarters for more than 12,000 members of Al Koran Temple who reside in northeastern Ohio. It will replace the headquarters that burned to the ground in 1958.

Shrine Clubs affiliated with Al Koran Temple have conducted special fund - raising activities in support of the new Mosque.

Out Of The Air

By HAL HUMPHREY

The British Are Coming

Jack Palance is very upset over the plight of American actors. He is just back from seven weeks in Toronto where he taped "Dr. Jekyll and Mr. Hyde," an upcoming 2½-hour special to air later this year on ABC-TV.

Hal Humphrey

"The cast is loaded with British actors, and I was told that the same production done in the United States would have cost producer Dan Curtis almost twice as much," Palance reports. "But by making it cheaper in Canada, our own actors are hurt, and there are too many American actors not working now."

—:—

BEFORE THIS starring role in "Dr. Jekyll and Mr. Hyde" for TV, Palance was in Madrid where, with Gary Lockwood, Elke Sommer and Lee Cobb, he did a movie tentatively titled "They Came to Rob Las Vegas."

"Now, obviously," says Palance, "there's no need except a financial one to make a movie about Las Vegas in Spain. Warner Bros. is releasing this one, but I couldn't find out who was financing it. And Phil Yordan, an American producer, has filmed 'Custer's Last Stand' in Spain with Robert Shaw, a Britisher, as Custer."

Palance blames this so-called runaway production on the Screen Actors Guild, the actors' union, which he calls "woefully weak" and in need of a revitalized leadership.

-:-

"THE GUILD should have greater restrictions, as the unions do in most other countries," states Palance. "Why should American actors sit and watch their living go down the drain while American producers either import foreign actors or go overseas and hire them?

"I read the other day that 11 of Paramount's next 12 movies will be shot overseas. The guild should do something to make itself felt in matters like this."

His last week in Toronto with "Dr. Jekyll and Mr Hyde" was really rough, what with working late at night and coming back again early in the morning. Such hours wouldn't be allowed here, Palance points out, but an American actor is not protected by his guild in a foreign country.

—:—

PRODUCER CURTIS originally was to tape "Dr. Jekyll and Mr. Hyde" in London with Jason Robards in the lead role, but he ran into trouble with one of TV's technical unions there after two weeks and had to give up. By the time he got back he'd lost Robards, who had other commitments, so Palance got the part.

"I suppose you can excuse his using a lot of Britishers in the cast, since the Robert Louis Stevenson story was laid in London, but many times foreigners get roles in American productions when there's no need for it," Palance adds.

"In Italy, for example, the government returns to a foreign producer 17 per cent of his budget if all but three members of the cast are Italians," Palance reports.

Except for the 1963-65 TV season when Palance starred in the "Greatest Show on Earth" series for ABC, he has spent most of the past 10 years with overseas movie productions.

-:-

"I SUPPOSE anyone could say, 'He's a fine one to talk about runaway production,' but the fact is that I had to do it to work," Palance says.

The TV script for "Dr Jekyll and Mr. Hyde" is by Ian Hunter. Originally, Rod Serling wrote the TV adaptation, but he and Jason Robards got into a disagreement over it, and when Curtis had to give up in London and start over again, he also decided to get a new script.

Palance, a Latimer, Pa., boy, wears a false nose as both Dr. Jekyll and Mr. Hyde. His own nose was too crooked from too many (20) professional prize fights. The Mr. Hyde makeup took 2½ hours to apply and involved lengthening his ears, applying a big false chin and lower lip and lowering his hairline.

Speaker Views Japan As Force For Asian Peace

LISBON—Japan is the most progressive of all Asian countries and could be the unifying force for peace and prosperity in the Far East, a Methodist missionary told the Kiwanis Club Thursday.

The Rev. Ivan Dornan, a graduate of Baldwin - Wallace College, Berea, and the Yale Divinity School, spoke at the weekly luncheon in the VFW McKinley Room. He has been director of the Student Christian Center at Sandai, Japan, since 1955.

He commented on the nation's industrial might and high literacy rate. He said the Japanese are anti-military as the result of World War II and do not want to align militarily with any power in the current Asian conflict.

Joseph Baronzzi, program chairman, introduced the speaker. Dan Myers, president, was in charge. Kiwanians are selling tickets for the annual pancake and sausage festival Nov. 8 at the Lisbon Methodist Church.

Scholarship Talk Given At Midland For Area Pupils

About 40 attended an assembly Tuesday night at the Lincoln High School auditorium when Stephen Delpero of Sharon, regional representative for the Pennsylvania Higher Education Assistance Agency, discussed "State Scholarships and Loans.

Junior and senior students and their parents from Lincoln High, Western Beaver High and South Side High were invited.

In introducing the guest speaker, Henry J. Kuzma, high school principal, urged Midland Area students to take advantage of available scholarships since those unused are given to other areas.

Delpero said students should take scholastic aptitude tests in March or May of their junior year and must make at least an 800 combined score on the verbal mathematics to qualify to receive a scholarship application. He said scholarships are then awarded to the top 5,000 for need or on merit, to those with scores of 800 or better, to those who will train in technical or business schools, and finally to those who will attend college with lapses between years of study. He also discussed available state and federal loans for education and conducted a question and answer period.

Kuzma said Lincoln High is planning to have the guest speaker return to speak to sophomore and junior students at a school assembly to better acquaint them with the available scholarships and loans.

Out Of The Air

By HAL HUMPHREY

The British Are Coming

Jack Palance is very upset over the plight of American actors. He is just back from seven weeks in Toronto where he taped "Dr. Jekyll and Mr. Hyde," an upcoming 2½-hour special to air later this year on ABC-TV.

Hal Humphrey

"The cast is loaded with British actors, and I was told that the same production done in the United States would have cost producer Dan Curtis almost twice as much," Palance reports. "But by making it cheaper in Canada, our own actors are hurt, and there are too many American actors not working now."

—:—

BEFORE THIS starring role in "Dr. Jekyll and Mr. Hyde" for TV, Palance was in Madrid where, with Gary Lockwood, Elke Sommer and Lee Cobb, he did a movie tentatively titled "They Came to Rob Las Vegas."

"Now, obviously," says Palance, "there's no need except a financial one to make a movie about Las Vegas in Spain. Warner Bros. is releasing this one, but I couldn't find out who was financing it. And Phil Yordan, an American producer, has filmed 'Custer's Last Stand' in Spain with Robert Shaw, a Britisher, as Custer."

Palance blames this so-called runaway production on the Screen Actors Guild, the actors' union, which he calls "woefully weak" and in need of a revitalized leadership.

-:-

"THE GUILD should have greater restrictions, as the unions do in most other countries," states Palance. "Why should American actors sit and watch their living go down the drain while American producers either import foreign actors or go overseas and hire them?

"I read the other day that 11 of Paramount's next 12 movies will be shot overseas. The guild should do something to make itself felt in matters like this."

His last week in Toronto with "Dr. Jekyll and Mr Hyde" was really rough, what with working late at night and coming back again early in the morning. Such hours wouldn't be allowed here, Palance points out, but an American actor is not protected by his guild in a foreign country.

—:—

PRODUCER CURTIS originally was to tape "Dr. Jekyll and Mr. Hyde" in London with Jason Robards in the lead role, but he ran into trouble with one of TV's technical unions there after two weeks and had to give up. By the time he got back he'd lost Robards, who had other commitments, so Palance got the part.

"I suppose you can excuse his using a lot of Britishers in the cast, since the Robert Louis Stevenson story was laid in London, but many times foreigners get roles in American productions when there's no need for it," Palance adds.

"In Italy, for example, the government returns to a foreign producer 17 per cent of his budget if all but three members of the cast are Italians," Palance reports.

Except for the 1963-65 TV season when Palance starred in the "Greatest Show on Earth" series for ABC, he has spent most of the past 10 years with overseas movie productions.

-:-

"I SUPPOSE anyone could say, 'He's a fine one to talk about runaway production,' but the fact is that I had to do it to work," Palance says.

The TV script for "Dr Jekyll and Mr. Hyde" is by Ian Hunter. Originally, Rod Serling wrote the TV adaptation, but he and Jason Robards got into a disagreement over it, and when Curtis had to give up in London and start over again, he also decided to get a new script.

Palance, a Latimer, Pa., boy, wears a false nose as both Dr. Jekyll and Mr. Hyde. His own nose was too crooked from too many (20) professional prize fights. The Mr. Hyde makeup took 2½ hours to apply and involved lengthening his ears, applying a big false chin and lower lip and lowering his hairline.

Speaker Views Japan As Force For Asian Peace

LISBON—Japan is the most progressive of all Asian countries and could be the unifying force for peace and prosperity in the Far East, a Methodist missionary told the Kiwanis Club Thursday.

The Rev. Ivan Dornan, a graduate of Baldwin - Wallace College, Berea, and the Yale Divinity School, spoke at the weekly luncheon in the VFW McKinley Room. He has been director of the Student Christian Center at Sandai, Japan, since 1955.

He commented on the nation's industrial might and high literacy rate. He said the Japanese are anti-military as the result of World War II and do not want to align militarily with any power in the current Asian conflict.

Joseph Baronzzi, program chairman, introduced the speaker. Dan Myers, president, was in charge. Kiwanians are selling tickets for the annual pancake and sausage festival Nov. 8 at the Lisbon Methodist Church.

Scholarship Talk Given At Midland For Area Pupils

About 40 attended an assembly Tuesday night at the Lincoln High School auditorium when Stephen Delpero of Sharon, regional representative for the Pennsylvania Higher Education Assistance Agency, discussed "State Scholarships and Loans.

Junior and senior students and their parents from Lincoln High, Western Beaver High and South Side High were invited.

In introducing the guest speaker, Henry J. Kuzma, high school principal, urged Midland Area students to take advantage of available scholarships since those unused are given to other areas.

Delpero said students should take scholastic aptitude tests in March or May of their junior year and must make at least an 800 combined score on the verbal mathematics to qualify to receive a scholarship application. He said scholarships are then awarded to the top 5,000 for need or on merit, to those with scores of 800 or better, to those who will train in technical or business schools, and finally to those who will attend college with lapses between years of study. He also discussed available state and federal loans for education and conducted a question and answer period.

Kuzma said Lincoln High is planning to have the guest speaker return to speak to sophomore and junior students at a school assembly to better acquaint them with the available scholarships and loans.

Chester Park Board Asks Help For Stand

The Chester park board Thursday night issued a plea for additional help to operate a lunch stand at the weekly dances and Little League football games.

Harold Dickey, who presided last night, said anyone interested may contact him or Lester Kirschler.

This Saturday night the "Living Ends" will play, while the "Lucky Four" from East Palestine will perform Nov. 4.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: I'm so disgusted with my mother I don't know what to do.

I'm a 16-year-old girl who is beginning to understand why there is so much trouble in the world over sex. It's because of mothers who perpetuate lies and ignorance. Here's what happened:

Yesterday my 8-year-old brother came home and repeated some things a neighbor boy had told him. I was shocked at the words he used and the way he expressed himself.

I told my little brother that the neighbor boy had it all wrong, that sex was not nasty and dirty, that it was part of God's plan for bringing babies into the world.

My brother said he didn't believe God would approve of anything like that and then he went straight to my mother and asked her. Ann, I almost fell over dead when my mother said to him, "You're right, dear. God sends babies from heaven and the mothers pick them up at the hospital."

My mother then took me aside and raked me over the coals for telling an 8-year-old kid about sex.

I was speechless. Here I had tried to make my little brother understand that sex was a normal, natural thing, a wonderful gift from God and my mother made a liar out of me.

Please tell all mothers that they owe it to their children to give them a wholesome slant on sex, honest answers and a healthy respect for married love as an important part of parenthood.

Warn them that if they don't do it soon enough, some neighbor kid, whose parents also have abdicated their responsibility, will beat them to it.—SAD SISTER.

-:-

Dear Sister: You have the right idea and I applaud you. You are lucky someone instructed you in the proper way because I'm sure your mother didn't.

Don't be too tough on her, however. Your mother's ignorance is the miserable legacy she inherited from her mother — who also was ignorant.

Maintain a friendly and open relationship with your little brother and, without defying your mother's authority, keep trying to set him straight.

Party Poopers

Dear Ann: Our son is leaving for Vietnam in a few days. He was home over the weekend and I gave him a lovely farewell party. I invited all the relatives on both sides. The guests numbered 40 in all.

Everyone knew the purpose of the party, yet not a single person bought him a gift or gave him a check.

I didn't give the party to collect gifts or money, Ann, but I was deeply hurt at their thoughtlessness. What do you think about such relatives?—DUMBFOUNDED.

-:-

Dear D.: It would have been considerate if each guest had brought some small token. It needn't have been anything costly. Since they did not, forget it.

Confidentially

To Yea or Nay?: I vote nay. It takes a woman with a special type of head to be married to a dedicated physician. Your head sounds too empty—and too big.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a self-addressed, stamped envelope.

100 To Participate In Halloween Parade

Some 100 children are expected to participate in the borough's annual Halloween parade Tuesday night.

The parade will form on Beaver Ave. between 4th and 5th Sts. It will move at 6:30 p. m. to the CIO Hall where participants will be judged.

Prizes will be awarded for the funniest, prettiest, most patriotic and most original costumes.

American Legion Post 481 is sponsoring the parade.

Ex-Senator Claimed

In Ceylon, elephant boys brush their mounts' teeth with coconut husks.

Laryngitis Forces Cancellation Of Talk

CINCINNATI (AP)—An attack of laryngitis forced Sen. Mark O. Hatfield, R-Ore, to cancel a speech he was scheduled to give before the Southwestern Ohio Teachers Association today. His wife will deliver it instead.

Hatfield expected to attend the meeting, but he was prevented from participating in a news conference Thursday night with Rep. Robert Taft Jr., R-Ohio.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: I'm so disgusted with my mother I don't know what to do.

I'm a 16-year-old girl who is beginning to understand why there is so much trouble in the world over sex. It's because of mothers who perpetuate lies and ignorance. Here's what happened:

Yesterday my 8-year-old brother came home and repeated some things a neighbor boy had told him. I was shocked at the words he used and the way he expressed himself.

I told my little brother that the neighbor boy had it all wrong, that sex was not nasty and dirty, that it was part of God's plan for bringing babies into the world.

My brother said he didn't believe God would approve of anything like that and then he went straight to my mother and asked her. Ann, I almost fell over dead when my mother said to him, "You're right, dear. God sends babies from heaven and the mothers pick them up at the hospital."

My mother then took me aside and raked me over the coals for telling an 8-year-old kid about sex.

I was speechless. Here I had tried to make my little brother understand that sex was a normal, natural thing, a wonderful gift from God and my mother made a liar out of me.

Please tell all mothers that they owe it to their children to give them a wholesome slant on sex, honest answers and a healthy respect for married love as an important part of parenthood.

Warn them that if they don't do it soon enough, some neighbor kid, whose parents also have abdicated their responsibility, will beat them to it.—SAD SISTER.

-:-

Dear Sister: You have the right idea and I applaud you. You are lucky someone instructed you in the proper way because I'm sure your mother didn't.

Don't be too tough on her, however. Your mother's ignorance is the miserable legacy she inherited from her mother — who also was ignorant.

Maintain a friendly and open relationship with your little brother and, without defying your mother's authority, keep trying to set him straight.

Party Poopers

Dear Ann: Our son is leaving for Vietnam in a few days. He was home over the weekend and I gave him a lovely farewell party. I invited all the relatives on both sides. The guests numbered 40 in all.

Everyone knew the purpose of the party, yet not a single person bought him a gift or gave him a check.

I didn't give the party to collect gifts or money, Ann, but I was deeply hurt at their thoughtlessness. What do you think about such relatives?—DUMBFOUNDED.

-:-

Dear D.: It would have been considerate if each guest had brought some small token. It needn't have been anything costly. Since they did not, forget it.

Confidentially

To Yea or Nay?: I vote nay. It takes a woman with a special type of head to be married to a dedicated physician. Your head sounds too empty—and too big.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a self-addressed, stamped envelope.

The Pittsburgh Steelers have a 1-5 record, but to look at the statistics you would never know it.

The Steelers have outgained their opposition 1,864 to 1,817 and are leading the league in first downs with 124, compared with 91 for their opponents. This points up the fact that the Steelers can't push the ball across from in close.

For a change, though, they are getting draft choices, rather than giving them, in the Brady Keys trade. Keys has been in Coach Bill Austin's doghouse since he tried to field a short field goal and had to fall on the ball on the 4 against St. Louis earlier in the year.

Individually, J. R. Wilburn's 12 catches last week, a seasonal high in the NFL, put him eighth in the league with a total of 26 receptions. Dick Compton is second with 34 catches. Kent Nix, whom Dallas coach Tom Landry called "the best rookie quarterback I've seen in 10 years" after the Cowboys' narrow win over the Steelers, is ninth in passing. Marv Woodson leads in interceptions and Don Shy is eighth in kickoff returns.

Cleveland Browns ranked in the NFL are Leroy Kelly, first in rushing, Ross Fichtner, second in interceptions, Ben Davis, sixth in punt returns, Gary Collins, seventh in punting, and Ernie Green, seventh in rushing.

The Colts and Redskins, who meet this week, have both tied their last two games.

DARRYL HERRING, freshman halfback from East Liverpool at Wittenberg, has caught seven passes this year and is averaging 22 yards a catch, the best mark on the squad. Unbeaten and nationally-ranked Wittenberg faces a tough test this week in Ohio Wesleyan, unbeaten but tied once. The game will be on the OWU campus at Delaware.

COLUMBIANA, the fifth-ranked Class A football team in the state according to AP, has started to influence the coaches, also. The Clippers climbed from 31st to 10th in the UPI poll this week.

THREE OF the top nine pass defense teams in the country are in the Mid-American conference. Toledo is fourth, Kent State fifth and Miami ninth. Toledo, having a fine year, is seventh in total defense and ninth in total offense, outgaining its foes by an average 390.4-187.8 margin. The Rockets are also 10th in defense against scoring, yielding only 8.6 points a game. Dayton is 11th in rushing offense and Western Michigan eighth in punting.

John Schneider of Toledo is eighth in total offense and 17th in passing. Roland Moss of the Rockets is 20th in rushing and tied for 12th in scoring. Ken Crots of Toledo is tied for 23rd in scoring by kicking.

Ken Juskowich of West Virginia still leads in the latter department, and he is 10th in total scoring. Don Abbey of Penn State is eighth in scoring and Bill Mayo of Dayton is tied for 12th. Mayo is also 14th in rushing, while Al Moore of Miami is 11th, Bill Waller of Xavier 12th and Dick Conley of Ohio U. 17th.

Tom Sherman of Penn State is 20th in total offense, Dale Livingston of Western Michigan is eighth in punting, teammate Marty Barski is 13th in receiving, Wil Perry of Kent State is 21st in the same category, and Bob Zimpfer of Bowling Green is eighth in punt returns. In pass interception leaders, Ted Provost of Ohio State is third, Steve Bailey of Xavier is fourth, and Lou Harris of Kent St. is 10th.

Small college figures show Mike Norman of Ashland ninth in rushing and Mike Schneider of Wilmington 10th in passing. Wittenberg is fifth in passing, Westminster (Pa.) is second in defense, and Waynesburg (Pa.) is first in total offense and scoring, averaging 62.2 points a game (no one else has more than 41.8). W stands for winner.

Wittenberg-Wesleyan Top Ohio College Game

COLUMBUS, Ohio (AP) — Ohio's major college football teams all see action Saturday but the best game of the day could unfurl at Delaware.

Unbeaten Wittenberg (5-0), ranked seventh in the small college AP poll, risks its unblemished record against undefeated Ohio Wesleyan in a clash that could determine the Ohio Conference champion.

The Fighting Bishops are 4-0-1 and like Wittenberg, have won their only two games in the OC.

Both have explosive attacks and stingy defenses. Wesleyan's Bob Badami tops the loop in rushing with 540 yards while the Tigers' Gene Laughman has passed for 1,006 yards and 15 touchdowns, the league's best aerial marks.

In other top attractions, Ohio State entertains illinois (1-4) on Homecoming Day in a match of sputtering attacks. The Buckeyes, 2-2 on the season and 1-1 in the Big Ten, need a victory to keep their Rose Bowl aspirations intact.

The wild scramble could continue in the Mid-American Conference chase.

Toledo (3-1) is at home to Kent (1-3); Miami (3-1) journeys to Bowling Green (1-2) and Western Michigan (3-1) should have a waltz at Kalamazoo against Varshall (0-3).

The Rockets have to guard against an over confident attitude against slump-ridden Kent as they shoot for their fifth straight triumph. No Toledo club has won five in a row since 1949.

Miami is out to avenge last year's 17-14 upset by BG that spoiled an otherwise perfect season.

If both Toledo and Miami survive, they will have a showdown battle next Saturday at Oxford.

Elsewhere, Ohio University plays at Dayton in a game that could produce some scoring fireworks. Both are capable of long-play touchdowns and Dayton got its attack rolling last week in a 56-6 romp over Temple.

In two Queen City attractions Cincinnati meets North Texas State in a Missouri Valley fray and Xavier tangles with Villanova.

The others:

Otterbein at Heidelberg; Mount Union at Marietta; Baldwin-Wallace at Denison; Wooster at Hiram; Oberlin at Kenyon; Ashland at Capital; Bradley at Akron; Adelbert at John Carroll; Bethany at Case; Manchester at Defiance; Centra State at Kentucky State; Wilmington at Centre; Muskingum at Ohio Northern; Grand Rapids at Bluffton (N) and Findlay vs. Austin Peay at Ashland Ky.

New Brighton, Southern Foes

By TURK PIERCE
Review Sports Editor

Beside Boardman at East Liverpool tonight, there are eight other area scholastic grid games to be played this weekend, two tonight and six tomorrow.

Tonight Midland hosts New Brighton and Lisbon is at Leetonia. Tomorrow Beaver Local is home to Southern Local in a night game and Oak Glen travels to Cumberland, Md. for a night game with Allegany High. South Side Beaver and Western Beaver continue their neighborhood rivalry at Midland tomorrow night. Other Saturday contests show Columbiana at United, and East Palestine at Poland in the afternoon and Western Reserve at Crestview at night.

The Leopards will have their work cut out for them this week when they host New Brighton, 5-0-2. Only ties with AA power Ellwood City and Beaver, both by 13-13 scores, mar the Lions record. They have beaten North Braddock Scott 25-6, Freedom 47-0, Rochester 25-6, Seneca Valley 40-28 and Monaca 47-6. The Leopards tied Rochester 20-20 and Seneca Valley 19-19, edged Monaca 13-12 and fell to Beaver 47-0 in scores against common opponents.

Parents Night Set Here Tonight

Parents night will be observed at tonight's game between East Liverpool and Boardman at Patterson Field at 7:45. Parents of football players will be honored at pre-game ceremonies.

The big man Joe Hamilton's crew will have to stop is Ron (Po) Mames, who has scored 124 points so far this year and is closing in on the all - time Beaver County single - season mark. Andy Klutka and Milo Prisula are others to be reckoned with on Chuck Abramski's 11.

Leetonia, after a strong start, has lost its last three, while Lisbon has been the surprise of the county with a 6-1 record. The Bears of Dick Hartzell will be hampered by the absence of halfback Ken DiCross, who suffered a slight concussion in the 28-14 loss to Poland. Tom Cosens will replace DiCross. Top runner Dan Bell, who has picked up 839 yards this year, and passer Ed Casey, who has completed 67 of 139 for 738 yards, will be ready. Lisbon's starting quarterback Mike Rutecki is hobbling on a bad leg and may not play, but Randy Muntean has had plenty of experience at the position for Bud Bucher's team.

Oak Glen will be facing an opponent from its third state in as many weeks when it travels to Cumberland, Maryland, Coach Bob Starkey's home town. Allegany is 4-2, having beaten North Hagerstown, South Hagerstown and Westminster of Maryland and Keyser, W. Va., and having lost to Martinsburg, W. Va. and Bishop Walsh of Cumberland.

Allegany has a fine quarter back, according to Starkey, but his status is doubtful because of a knee injury. His name is Ralph Leasure. Top running backs are Harry Minnicks and Les Walker. Allegany has a large offensive line and substitutes a complete unit on defense.

Steve Logston will start at quarterback for the Golden Bears in place of the injured Craig Whittington, but Vic Reed will see some action. Larry Neptune will start at fullback with Steve Staley in reserve unless Alan Six's shoulder prevents him from playing at tailback, in which case Neptune would play there. Bob Miller and Harold Marshall will alternate at slotback.

Beaver Local will have to overcome a severe handicap to beat Southern Local. The Beavers will be without quarterback Dennis Klembara, probably the best in the county, and his top receiver, Rex Campbell. Both are out for the season as a result of injuries suffered in the Lisbon game. With an untested quarterback, the Beavers will rely on the running of Dan Myers, Lou Brown and Ron Downard. Southern Local, 2-4, has Rich Rose as its chief running threat. In games against common opponents Southern beat Springfield Local 12-6 and lost to Jefferson Union 24-0 and Lisbon 26-7, while Beaver Local beat Springfield 14-0 and Jefferson Union 12-6 and lost to Lisbon 15-14.

Two schools having their best years ever will collide at 8 p.m. Saturday at Midland High field when Western Beaver hosts South Side Beaver.

The Golden Beavers of Dan Sekeres are 4-3 on the year, a distinct improvement from last year, their first in the gridiron sport, when they were 2-7. The Rams of Don Charlton have won three games in a row for the first time in the 11-year history of the school and the three wins equals the previous seasonal high-water mark.

Charlton reports that his team is fit physically and "we really want this one". He looks for a close game. He cited the speed of back Dwayne Cooper, the passing of Joe Rasillo, the all-around play of back John Petchel and the defense of end Nick Cilli as the keys to the Western Beaver's team.

But Sekeres has shaken up his lineup, putting Howard Guthrie and John Blackwood at halfbacks along with quarterback Rasillo and fullback Bob Paulovich. Ends will be Blaine Gibson and Jim Wilson, tackles will be Bill Jarrett and Dom Camaioni, guards will be Steve Zawoyski and Dave LeFebvre, and the center will be Charles Barrickman. Larry Beardshall will start at defensive tackle in another change.

Sekeres cites the running of Ron Peden and the passing of Tom Doak as keys to the South Side attack. "Overconfidence might be our problem", Sekeres notes. "The loss last week (to Crafton) didn't affect our confidence, but we're having trouble getting the boys to realize that South Side will be up for the game because it is a neighborhood rivalry."

Dave McCreary is out for the season for Western Beaver with a broken hand, and Joe Radella is doubtful with a bruised knee. Bob Turyan also has a bruised knee, but should be ready to go.

Columbiana is seeking its eighth straight at United, which is 1-6. Tom Wood is the top while Bill Ward leads the Clippers with 702 yards and 78 points. Dave Morris has picked up 546 yards and quarterback Bill Gela has hit 16 of 39 for 244 yards. Bob Hum has placekicked 18 of 24 extra points.

East Palestine, 4-3, has two doubtful starters, halfback Cliff Nash and tackle Jim Houlton. Poland upset Leetonia last week for its first win in six tries. Poland had lost to Carrollton, Canfield, Columbiana, Lisbon and Sebring previously. East Palestine shows wins over Canfield, West Branch, Sebring and Beaver Local and losses to Leetonia, Lisbon and Minerva.

Crestview, 4-3, plays an Inter-County League opponent in Western Reserve, 3-4. The Rebels have beaten Southington, Lowellville, Southern Local and United while losing to Mineral Ridge, North Lima and McDonald. Western Reserve has wins over Lowellville, Southington and Greenford and losses to Rootstown, McDonald, Mineral Ridge and North Lima.

E. Liverpool Juniors Top Alliance

A touchdown with 1:30 to go gave the East Liverpool Junior High All-Star football team a 22-20 win over Alliance at Alliance yesterday.

Rick Welsh went over on a 1-yard run to tie the score and Steve Williams blasted over left tackle for the tie - breaking extra point. The TD was set up on a 50-yard pass from Ralph Seevers to Jim Moore to the 1.

Earlier, Joe March scored twice, on a 2-yard run and a 40 - yard pass from Seevers. March also was outstanding as the "Monster Man" on defense. Linebacker Bob Deem did a good job and Williams, playing safety, intercepted a pass with 55 seconds to go to preserve the victory.

Bucyk, Boston Bruins Blank Kings

By The Associated Press

The Boston Bruins, whose new offensive punch has been flattening National Hockey League foes at a zanny clip, can defend themselves too.

Goalie Gerry Cheevers brushed off 26 shots Thursday night as the high-scoring Bruins showed their defensive mettle with a 2-0 victory over the Los Angeles Kings.

The Bruins, who were outscored 253-182 on the way to a cellar finish last season, are tied with New York and Detroit for second place in the NHL's East Division—just one point behind front-running Montreal.

Los Angeles, whose five-game unbeaten string ended at Toron to Wednesday night, still leads the new West Division by a point.

The Canadiens clung to the East lead by playing New York to a 1-1 standoff and the resurgent Red Wings walloped California 8-2 in Thursday's other games.

Johnny Bucyk scored twice for the Bruins, who top the 12-team circuit in scoring with 27 goals in six games.

Bernie "Boom Boom" Geoffrion's 50-foot goal late in the opening period and brilliant goaltending by Ed Giacomin earned the Rangers a tie at Montreal.

Geoffrion, a former Montreal ace, scored the 390th goal of his 16-year career after Jean Beliveau's 404th career tally gave the Canadiens a 1-0 edge in the first five minutes.

Dean Prentice and Gordie Howe fired two goals apiece and Prentice added a pair of assists in the Red Wings' romp over California. It was the most lopsided score thus far in a game between an established club and an expansion outfit.

Gary Bergman and Ted Hampson gave Detroit a 2-0 lead before Billy Hicke countered for the Seals midway in the second period. Prentice and Howe then shot the Wings beyond reach. They peppered California goalie Charlie Hodge with 21 shots—good for four more goals—in the last period.

MSU vs. Notre Dame An Anticlimactic Game

By RON RAPOPORT
Associated Press Sports Writer

Last year's Michigan State-Notre Dame football game — never mind its anticlimactic 10-10 finish—came as close as a game ever could to deciding a national championship.

This year, the Spartans have already been beaten three times and the Irish can't even claim the championship of Indiana. The upstart Indiana University team has won five in a row and is 10th in The Associated Press poll.

And as if the woeful records of the two teams weren't disappointing enough, events of the past week have further conspired against the game. Michigan State quarterback Jimmy Raye is definitely out of the game with bruised ribs and six other players were suspended for violating curfew.

About the only Spartan group at full strength is the band with 175 performers and eight new trumpets.

Notre Dame is 3-2, having lost to Purdue and Southern California. Michigan State is 2-3, defeated by Houston, Southern California and Minnesota.

Top-ranked Southern California plays Oregon. The unbeaten Trojans should have little trouble as the Ducks lost their first ive games, three without scoring a point, before beating Idaho last week.

Second-rated UCLA has the week off to plan for rugged Oregon State next week. The Beavers, who knocked off second-ranked Purdue last week, meet Washington State, while Purdue, now No. 7, plays hapless Iowa, 1-3-1.

Colorado, No. 3, meets Big Eight conference foe Oklahoma State. The Buffaloes have won five without losing while the Cowboys are 1-1-2. Fourth-ranked Tennessee bumps up gainst LSU. The Volunteers have come back from an opening-game loss to UCLA to post a 3-1 mark. The Tigers are 4-1, having lost only to Miami.

North Carolina State, No. 5, meets Duke. The Wolfpack is 6-0, while the Blue Devils are 3-3. Georgua, No. 6, with a 4-1 mark, plays Kentucky, which is winless after five tries.

Wyoming, No. 8, with a 6-0 mark, takes on Arizona State, 5-1. Ninth-ranked Houston, 4-1, meets Mississippi, 3-2. And Indiana tries to protect its No. 10 rating and unbeaten streak against Arizona, 1-3-1.

1942 OSU Grid Grads Set Reunion

COLUMBUS, Ohio (AP) — Some of the great football players and coaches from Ohio State's national championship team of 1942 will have a reunion this weekend in connection with the Buckeyes' Homecoming game against Illinois.

Celebrating the 25th anniversary of the 1942 club, 37 of the 43 players who played for Coach Paul Brown will attend the festivities. Three were unable to attend and three others are dead.

Among the coaches who will be here are Brown, Ernie Godfrey, Carroll Widdoes, Trevor Reese, Fritz Mackey and Tippy Dye.

Les Horvath, Gene Fekete and Bill Willis are among the former Buckeye stars who will participate in the reunion.

Alamo Golf For Women Starts Today

SAN ANTONIO, Tex. (AP)— A field of 47, led by the big names in women's pro golf, tee off here today in the first round of the $12,500 Alamo Open.

Kathy Whitworth, the top-ranked player on the Ladies Professional Golf Association tour this year, is the favorite. But Mickey Wright, the winningest woman pro ever to pick up a putter, is expected to furnish a serious challenge.

Miss Whitworth has won seven tournaments this year and leads in earnings with $28,392. She is a two-time winner of the seven-year-old Alamo Open, but never has won on the 6,662-yard Olmos Basin Municipal Course being used this year.

Sandra Haynie, the Fort Worth pro who is second in money-earnings for the year, is here to defend her championship. She won last year with the second lowest score — a 213 — lowest ever posted in this tournament.

The Pittsburgh Steelers have a 1-5 record, but to look at the statistics you would never know it.

The Steelers have outgained their opposition 1,864 to 1,817 and are leading the league in first downs with 124, compared with 91 for their opponents. This points up the fact that the Steelers can't push the ball across from in close.

For a change, though, they are getting draft choices, rather than giving them, in the Brady Keys trade. Keys has been in Coach Bill Austin's doghouse since he tried to field a short field goal and had to fall on the ball on the 4 against St. Louis earlier in the year.

Individually, J. R. Wilburn's 12 catches last week, a seasonal high in the NFL, put him eighth in the league with a total of 26 receptions. Dick Compton is second with 34 catches. Kent Nix, whom Dallas coach Tom Landry called "the best rookie quarterback I've seen in 10 years" after the Cowboys' narrow win over the Steelers, is ninth in passing. Marv Woodson leads in interceptions and Don Shy is eighth in kickoff returns.

Cleveland Browns ranked in the NFL are Leroy Kelly, first in rushing, Ross Fichtner, second in interceptions, Ben Davis, sixth in punt returns, Gary Collins, seventh in punting, and Ernie Green, seventh in rushing.

The Colts and Redskins, who meet this week, have both tied their last two games.

DARRYL HERRING, freshman halfback from East Liverpool at Wittenberg, has caught seven passes this year and is averaging 22 yards a catch, the best mark on the squad. Unbeaten and nationally-ranked Wittenberg faces a tough test this week in Ohio Wesleyan, unbeaten but tied once. The game will be on the OWU campus at Delaware.

COLUMBIANA, the fifth-ranked Class A football team in the state according to AP, has started to influence the coaches, also. The Clippers climbed from 31st to 10th in the UPI poll this week.

THREE OF the top nine pass defense teams in the country are in the Mid-American conference. Toledo is fourth, Kent State fifth and Miami ninth. Toledo, having a fine year, is seventh in total defense and ninth in total offense, outgaining its foes by an average 390.4-187.8 margin. The Rockets are also 10th in defense against scoring, yielding only 8.6 points a game. Dayton is 11th in rushing offense and Western Michigan eighth in punting.

John Schneider of Toledo is eighth in total offense and 17th in passing. Roland Moss of the Rockets is 20th in rushing and tied for 12th in scoring. Ken Crots of Toledo is tied for 23rd in scoring by kicking.

Ken Juskowich of West Virginia still leads in the latter department, and he is 10th in total scoring. Don Abbey of Penn State is eighth in scoring and Bill Mayo of Dayton is tied for 12th. Mayo is also 14th in rushing, while Al Moore of Miami is 11th, Bill Waller of Xavier 12th and Dick Conley of Ohio U. 17th.

Tom Sherman of Penn State is 20th in total offense, Dale Livingston of Western Michigan is eighth in punting, teammate Marty Barski is 13th in receiving, Wil Perry of Kent State is 21st in the same category, and Bob Zimpfer of Bowling Green is eighth in punt returns. In pass interception leaders, Ted Provost of Ohio State is third, Steve Bailey of Xavier is fourth, and Lou Harris of Kent St. is 10th.

Small college figures show Mike Norman of Ashland ninth in rushing and Mike Schneider of Wilmington 10th in passing. Wittenberg is fifth in passing, Westminster (Pa.) is second in defense, and Waynesburg (Pa.) is first in total offense and scoring, averaging 62.2 points a game (no one else has more than 41.8). W stands for winner.

Wittenberg-Wesleyan Top Ohio College Game

COLUMBUS, Ohio (AP) — Ohio's major college football teams all see action Saturday but the best game of the day could unfurl at Delaware.

Unbeaten Wittenberg (5-0), ranked seventh in the small college AP poll, risks its unblemished record against undefeated Ohio Wesleyan in a clash that could determine the Ohio Conference champion.

The Fighting Bishops are 4-0-1 and like Wittenberg, have won their only two games in the OC.

Both have explosive attacks and stingy defenses. Wesleyan's Bob Badami tops the loop in rushing with 540 yards while the Tigers' Gene Laughman has passed for 1,006 yards and 15 touchdowns, the league's best aerial marks.

In other top attractions, Ohio State entertains illinois (1-4) on Homecoming Day in a match of sputtering attacks. The Buckeyes, 2-2 on the season and 1-1 in the Big Ten, need a victory to keep their Rose Bowl aspirations intact.

The wild scramble could continue in the Mid-American Conference chase.

Toledo (3-1) is at home to Kent (1-3); Miami (3-1) journeys to Bowling Green (1-2) and Western Michigan (3-1) should have a waltz at Kalamazoo against Varshall (0-3).

The Rockets have to guard against an over confident attitude against slump-ridden Kent as they shoot for their fifth straight triumph. No Toledo club has won five in a row since 1949.

Miami is out to avenge last year's 17-14 upset by BG that spoiled an otherwise perfect season.

If both Toledo and Miami survive, they will have a showdown battle next Saturday at Oxford.

Elsewhere, Ohio University plays at Dayton in a game that could produce some scoring fireworks. Both are capable of long-play touchdowns and Dayton got its attack rolling last week in a 56-6 romp over Temple.

In two Queen City attractions Cincinnati meets North Texas State in a Missouri Valley fray and Xavier tangles with Villanova.

The others:

Otterbein at Heidelberg; Mount Union at Marietta; Baldwin-Wallace at Denison; Wooster at Hiram; Oberlin at Kenyon; Ashland at Capital; Bradley at Akron; Adelbert at John Carroll; Bethany at Case; Manchester at Defiance; Centra State at Kentucky State; Wilmington at Centre; Muskingum at Ohio Northern; Grand Rapids at Bluffton (N) and Findlay vs. Austin Peay at Ashland Ky.

New Brighton, Southern Foes

By TURK PIERCE
Review Sports Editor

Beside Boardman at East Liverpool tonight, there are eight other area scholastic grid games to be played this weekend, two tonight and six tomorrow.

Tonight Midland hosts New Brighton and Lisbon is at Leetonia. Tomorrow Beaver Local is home to Southern Local in a night game and Oak Glen travels to Cumberland, Md. for a night game with Allegany High. South Side Beaver and Western Beaver continue their neighborhood rivalry at Midland tomorrow night. Other Saturday contests show Columbiana at United, and East Palestine at Poland in the afternoon and Western Reserve at Crestview at night.

The Leopards will have their work cut out for them this week when they host New Brighton, 5-0-2. Only ties with AA power Ellwood City and Beaver, both by 13-13 scores, mar the Lions record. They have beaten North Braddock Scott 25-6, Freedom 47-0, Rochester 25-6, Seneca Valley 40-28 and Monaca 47-6. The Leopards tied Rochester 20-20 and Seneca Valley 19-19, edged Monaca 13-12 and fell to Beaver 47-0 in scores against common opponents.

Parents Night Set Here Tonight

Parents night will be observed at tonight's game between East Liverpool and Boardman at Patterson Field at 7:45. Parents of football players will be honored at pre-game ceremonies.

The big man Joe Hamilton's crew will have to stop is Ron (Po) Mames, who has scored 124 points so far this year and is closing in on the all - time Beaver County single - season mark. Andy Klutka and Milo Prisula are others to be reckoned with on Chuck Abramski's 11.

Leetonia, after a strong start, has lost its last three, while Lisbon has been the surprise of the county with a 6-1 record. The Bears of Dick Hartzell will be hampered by the absence of halfback Ken DiCross, who suffered a slight concussion in the 28-14 loss to Poland. Tom Cosero will replace DiCross. Top runner Dan Bell, who has picked up 839 yards this year, and passer Ed Casey, who has completed 67 of 139 for 738 yards, will be ready. Lisbon's starting quarterback Mike Rutecki is hobbling on a bad leg and may not play, but Randy Muntean has had plenty of experience at the position for Bud Bucher's team.

Oak Glen will be facing an opponent from its third state in as many weeks when it travels to Cumberland, Maryland, Coach Bob Starkey's home town. Allegany is 4-2, having beaten North Hagerstown, South Hagerstown and Westminster of Maryland and Keyser, W. Va., and having lost to Martinsburg, W. Va. and Bishop Walsh of Cumberland.

Allegany has a fine quarter back, according to Starkey, but his status is doubtful because of a knee injury. His name is Ralph Leasure. Top running backs are Harry Minnicks and Les Walker. Allegany has a large offensive line and substitutes a complete unit on defense.

Steve Logston will start at quarterback for the Golden Bears in place of the injured Craig Whittington, but Vic Reed will see some action. Larry Neptune will start at fullback with Steve Staley in reserve unless Alan Six's shoulder prevents him from playing at tailback, in which case Neptune would play there. Bob Miller and Harold Marshall will alternate at slotback.

Beaver Local will have to overcome a severe handicap to beat Southern Local. The Beavers will be without quarterback Dennis Klembara, probably the best in the county, and his top receiver, Rex Campbell. Both are out for the season as a result of injuries suffered in the Lisbon game. With an untested quarterback, the Beavers will rely on the running of Dan Myers, Lou Brown and Ron Downard. Southern Local, 2-4, has Rich Rose as its chief running threat. In games against common opponents Southern beat Springfield Local 12-6 and lost to Jefferson Union 24-0 and Lisbon 26-7, while Beaver Local beat Springfield 14-0 and Jefferson Union 12-6 and lost to Lisbon 15-14.

Two schools having their best years ever will collide at 8 p.m. Saturday at Midland High field when Western Beaver hosts South Side Beaver.

The Golden Beavers of Dan Sekeres are 4-3 on the year, a distinct improvement from last year, their first in the gridiron sport, when they were 2-7. The Rams of Don Charlton have won three games in a row for the first time in the 11-year history of the school and the three wins equals the previous seasonal high-water mark.

Charlton reports that his team is fit physically and "we really want this one". He looks for a close game. He cited the speed of back Dwayne Cooper, the passing of Joe Rasillo, the all-around play of back John Petchel and the defense of end Nick Cilli as the keys to the Western Beaver's team.

But Sekeres has shaken up his lineup, putting Howard Guthrie and John Blackwood at halfbacks along with quarterback Rasillo and fullback Bob Paulovich. Ends will be Blaine Gibson and Jim Wilson, tackles will be Bill Jarrett and Dom Camaioni, guards will be Steve Zawoyski and Dave LeFebvre, and the center will be Charles Barrickman. Larry Beardshall will start at defensive tackle in another change.

Sekeres cites the running of Ron Peden and the passing of Tom Doak as keys to the South Side attack. "Overconfidence might be our problem", Sekeres notes. "The loss last week (to Crafton) didn't affect our confidence, but we're having trouble getting the boys to realize that South Side will be up for the game because it is a neighborhood rivalry."

Dave McCreary is out for the season for Western Beaver with a broken hand, and Joe Radella is doubtful with a bruised knee. Bob Turyan also has a bruised knee, but should be ready to go.

Columbiana is seeking its eighth straight at United, which is 1-6. Tom Wood is the top while Bill Ward leads the Clippers with 702 yards and 78 points. Dave Morris has picked up 546 yards and quarterback Bill Gela has hit 16 of 39 for 244 yards. Bob Hum has placekicked 18 of 24 extra points.

East Palestine, 4-3, has two doubtful starters, halfback Cliff Nash and tackle Jim Houlton. Poland upset Leetonia last week for its first win in six tries. Poland had lost to Carrollton, Canfield, Columbiana, Lisbon and Sebring previously. East Palestine shows wins over Canfield, West Branch, Sebring and Beaver Local and losses to Leetonia, Lisbon and Minerva.

Crestview, 4-3, plays an Inter-County League opponent in Western Reserve, 3-4. The Rebels have beaten Southington, Lowellville, Southern Local and United while losing to Mineral Ridge, North Lima and McDonald. Western Reserve has wins over Lowellville, Southington and Greenford and losses to Rootstown, McDonald, Mineral Ridge and North Lima.

E. Liverpool Juniors Top Alliance

A touchdown with 1:30 to go gave the East Liverpool Junior High All-Star football team a 22-20 win over Alliance at Alliance yesterday.

Rick Welsh went over on a 1-yard run to tie the score and Steve Williams blasted over left tackle for the tie - breaking extra point. The TD was set up on a 50-yard pass from Ralph Seevers to Jim Moore to the 1.

Earlier, Joe March scored twice, on a 2-yard run and a 40 - yard pass from Seevers. March also was outstanding as the "Monster Man" on defense. Linebacker Bob Deem did a good job and Williams, playing safety, intercepted a pass with 55 seconds to go to preserve the victory.

Bucyk, Boston Bruins Blank Kings

By The Associated Press

The Boston Bruins, whose new offensive punch has been flattening National Hockey League foes at a zanny clip, can defend themselves too.

Goalie Gerry Cheevers brushed off 26 shots Thursday night as the high-scoring Bruins showed their defensive mettle with a 2-0 victory over the Los Angeles Kings.

The Bruins, who were outscored 253-182 on the way to a cellar finish last season, are tied with New York and Detroit for second place in the NHL's East Division—just one point behind front-running Montreal.

Los Angeles, whose five-game unbeaten string ended at Toron to Wednesday night, still leads the new West Division by a point.

The Canadiens clung to the East lead by playing New York to a 1-1 standoff and the resurgent Red Wings walloped California 8-2 in Thursday's other games.

Johnny Bucyk scored twice for the Bruins, who top the 12-team circuit in scoring with 27 goals in six games.

Bernie "Boom Boom" Geoffrion's 50-foot goal late in the opening period and brilliant goaltending by Ed Giacomin earned the Rangers a tie at Montreal.

Geoffrion, a former Montreal ace, scored the 390th goal of his 16-year career after Jean Beliveau's 404th career tally gave the Canadiens a 1-0 edge in the first five minutes.

Dean Prentice and Gordie Howe fired two goals apiece and Prentice added a pair of assists in the Red Wings' romp over California. It was the most lopsided score thus far in a game between an established club and an expansion outfit.

Gary Bergman and Ted Hampson gave Detroit a 2-0 lead before Billy Hicke countered for the Seals midway in the second period. Prentice and Howe then shot the Wings beyond reach. They peppered California goalie Charlie Hodge with 21 shots good for four more goals—in the last period.

MSU vs. Notre Dame An Anticlimactic Game

By RON RAPOPORT
Associated Press Sports Writer

Last year's Michigan State-Notre Dame football game — never mind its anticlimactic 10-10 finish—came as close as a game ever could to deciding a national championship.

This year, the Spartans have already been beaten three times and the Irish can't even claim the championship of Indiana. The upstart Indiana University team has won five in a row and is 10th in The Associated Press poll.

And as if the woeful records of the two teams weren't disappointing enough, events of the past week have further conspired against the game. Michigan State quarterback Jimmy Raye is definitely out of the game with bruised ribs and six other players were suspended for violating curfew.

About the only Spartan group at full strength is the band with 175 performers and eight new trumpets.

Notre Dame is 3-2, having lost to Purdue and Southern California. Michigan State is 2-3, defeated by Houston, Southern California and Minnesota.

Top-ranked Southern California plays Oregon. The unbeaten Trojans should have little trouble as the Ducks lost their first ive games, three without scoring a point, before beating Idaho last week.

Second-rated UCLA has the week off to plan for rugged Oregon State next week. The Beavers, who knocked off second-ranked Purdue last week, meet Washington State, while Purdue, now No. 7, plays hapless Iowa, 1-3-1.

Colorado, No. 3, meets Big Eight conference foe Oklahoma State. The Buffaloes have won five without losing while the Cowboys are 1-1-2. Fourth-ranked Tennessee bumps up against LSU. The Volunteers have come back from an opening-game loss to UCLA to post a 3-1 mark. The Tigers are 4-1, having lost only to Miami.

North Carolina State, No. 5, meets Duke. The Wolfpack is 6-0, while the Blue Devils are 3-3. Georgua, No. 6, with a 4-1 mark, plays Kentucky, which is winless after five tries.

Wyoming, No. 8, with a 6-0 mark, takes on Arizona State, 5-1. Ninth-ranked Houston, 4-1, meets Mississippi, 3-2. And Indiana tries to protect its No. 10 rating and unbeaten streak against Arizona, 3-3-1.

1942 OSU Grid Grads Set Reunion

COLUMBUS, Ohio (AP) — Some of the great football players and coaches from Ohio State's national championship team of 1942 will have a reunion this weekend in connection with the Buckeyes' Homecoming game against Illinois.

Celebrating the 25th anniversary of the 1942 club, 37 of the 43 players who played for Coach Paul Brown will attend the festivities. Three were unable to attend and three others are dead.

Among the coaches who will be here are Brown, Ernie Godfrey, Carroll Widdoes, Trevor Reese, Fritz Mackey and Tippy Dye.

Les Horvath, Gene Fekete and Bill Willis are among the former Buckeye stars who will participate in the reunion.

Alamo Golf For Women Starts Today

SAN ANTONIO, Tex. (AP)— A field of 47, led by the big names in women's pro golf, tee off here today in the first round of the $12,500 Alamo Open.

Kathy Whitworth, the top-ranked player on the Ladies Professional Golf Association tour this year, is the favorite. But Mickey Wright, the winningest woman pro ever to pick up a putter, is expected to furnish a serious challenge.

Miss Whitworth has won seven tournaments this year and leads in earnings with $28,392. She is a two-time winner of the seven-year-old Alamo Open, but never has won on the 6,662-yard Olmos Basin Municipal Course being used this year.

Sandra Haynie, the Fort Worth pro who is second in money-earnings for the year, is here to defend her championship. She won last year with the second lowest score — a 213 — lowest ever posted in this tournament.

Schollander Continues To Pick Up Gold Medal

By STRATFORD C. JONES

MEXICO CITY (AP) — Don Schollander doesn't expect to burn as bright in 1968 as he did in 1964, but he has served notice he plans to retire in a blaze of glory after leading U. S. swimmers to four gold medals Thursday night in the Pre-Olympics.

The Yale University student, who won four gold medals in the '64 Olympics at Tokyo, captured his second and third golds in the second day of swimming at these Olympic trials.

He outdueled Russia's Leonid Iliechov in the 200-meter freestyle and then anchored the winning U. S. team in the 400-meter freestyle relays after grabbing the 100-meter freestyle Wednesday.

Carl Robie of Philadelphia in the 100-meter butterfly and Jane Barkman of Wayne, Pa., in the women's 100-meter freestyle gave the United States its other two golds for the day.

"We won what we expected," U. S. coaches Sherman Chavoor and Don Gambril said, conceding victories by Holland's Ada Kok in the 100-meter butterfly and East Germany's Sabine Steinbach and Frank Wiegand in the 200-meter backstroke and 200-meter individual medley, respectively.

But both the coaches and Schollander left no doubts that next year's Olympics here will be tough.

"It will be difficult, but not impossible, for someone to win four gold medals next year in swimming," Schollander said, "but it won't be me.

"Since I've been 12 years old, I've been planning retirement after 1968 because then I'll be out of school and practice will be tough." But he plans to go out big.

Schollander, of Saratoga, Calif., teamed with Robie, Peter Williams of Pittsburgh and Andy Strenk of Fullerton, Calif., for a relay time of 3:49.1 to beat Mexico, the only other to try.

Robie won his race in 58.9 as he outswam two Russians and won by four-tenths of a second. Miss Barkman was clocked in 1:01.0, two seconds ahead of Linda Gustavson of Santa Clara, Calif.

Wiegand's time was 2:20.5, enough to beat Hans Ljungberg of Sweden and third-place Williams. Miss Steinbach finished ahead of Kendis Moore of Phoenix, Ariz., in a time of 2:32.8 to Miss Moore's 2:33.9.

Miss Kok, who won the 100-meter butterfly Wednesday, easily won her event in 2:24.8, but like all other times, it was far off her world record of 2:21.0. Patty Caretto of Whittier, Calif., took third.

James Wellington of Philadelphia advanced to the Saturday's final in the light welterweight boxing class by stopping Alfredo Morales of Mexico in the third round.

Steelers Favored Over Saints

Packers, Browns Picked To Fall To Cards, Giants

By JACK HAND
Associated Press Sports Writer

NEW YORK (AP) — St. Louis over Grean Bay and the New York Giants over Cleveland are the upset specials this weekend as the pro football season reached the halfway mark.

Baltimore should remain the only unbeaten team in the National Football League but the San Diego Chargers may fall before the Oakland Raiders in their first American Football League loss.

Any week now the old roof is going to cave in but the Hand picker sneaked through again last week 8-2-2 for 48-16-7 on the season (33-10-5 in the NFL and 15-6-2 in the AFL). Let's try once more. All games are Sunday unless otherwise noted.

NFL

St. Louis 27, Green Bay 21 (Monday night) —Packers romped against Giants' weak defense but had trouble in first half. Bart Starr looked rusty. Cards have running game to take it to Packers in Johnny Roland but young Jim Hart will find that deep defense tough to crack. Jim Bakken will be busy everytime the Cards get down close.

Los Angeles 24, Chicago 10 — Don't forget the fuss when George Allen quit the Bears to take the Rams' job and George Halas blew his stack. No love lost here. Rams can run and throw. Bears still haven't pitched a TD pass and that is only hole in Los Angeles defense. Doubt about Gale Sayers' availability kills Bears.

San Francisco 24, Betroit 17 — The 49ers are coming on strong with John Brodie passing and a covey of running backs. Mel Farr and Pat Studstill doubtful for Lions, who still are erratic in air.

Baltimore 35, Washington 21 — Teams have played ties last two weeks. John Unitas will eat up Redskins' defense but Sonny Jurgensen will find holes in Colts' umbrella. A free-scoring game despite absence of Colts' Raymond Berry and Skins' Charley Taylor. Baltimore won preseason game 23-17 and has taken 15 straight over Skins, counting eight exhibitions.

New York 28, Cleveland 27 — How can you get any closer without calling a tie? Browns won't be stopped by that Giant defense but Fran Tarkenton will give Cleveland fits. He beat them with Minnesota in 1965, the only time they played him in regular season. Cleveland has won four in a row and hasn't lost to Giants since 1963. Frank Ryan playing with injuries. All out for the relay race.

Minnesota 21, Atlanta 13 — The Vikings seem to have found the spark on offense in last two outings and their rough defense should handle Falcons. Vikes won preseason game 16-3 but they still remember that 20-13 loss to Falcons in the snow last year.

Dallas 28, Philadelphia 20 — Don Meredith comes back to pick up Cowboys' offense against Eagles' weak pass defense. Cowboys get the passer and Norm Snead was smeared seven times last week by Cards.

Pittsburgh 27, New Orleans 14 — Kent Nix was called "best rookie quarterback I've seen in 10 years" by Dallas' Tom Landry. The Steelers are no powerhouse but they should break through Saints better than in 20-17 exhibition loss Aug. 19. Lack of running game fatal to Saints.

AFL

New York 35, Boston 20 — Joe Namath should have no trouble with Pat pass defense but Boston may slow down Emerson Boozer. Jets won exhibition 55-13 and knocked Boston out of shot at title last December.

Houston 17, Buffalo 10 — Two teams with little punch but solid defense. Oilers coming off big win over Kansas City, Buffalo off a bye. Houston won Sept. 17 game at Buffalo 20-3. Art Powell out for six weeks.

Kansas City 31, Denver 14 — Chiefs still those home town boos by making it six in a row over Broncs who haven't won since opening day. Another loss and Chiefs can forget all about Super Bowl.

Oakland 34, San Diego 28 — Unbeaten Chargers have top offense, Raiders best defense. Something has to give. San Diego throws an iron curtain around John Hadl but those Raiders have thrown the passer 38 times. In preseason game Oakland won 24-23.

Miami has the bye this week.

Quarry-Patterson Bout Slated For Afternoon

LOS ANGELES (AP)—Floyd Patterson has fought and won a single afternoon bout yet it remains to be seen whether this provides a speck of advantage when he fights Jerry Quarry on Saturday in the World Boxing Association's heavyweight championship tournament.

The ex-champion from New York, declaring he's as hungry for the title as his younger foe, opened as the wagering choice when training started but it could be even-up when they climb into the Olympic Auditorium ring for their 3 p.m. bout slated for 12 rounds.

Patterson's afternoon outing came in Sweden when he stopped Eddie Machen while Quarry has compiled his 24-1-4 record in fights starting at more usual evening times.

"I boxed 95 rounds preparing for this fight and most of the work has started at 2 p.m.," says the 22-year-old Quarry of nearby Bellflower who has no previous experience with afternoon fisticuffs.

A television commitment set the hour of the 12-round rematch between Patterson, who twice has held the championship, and the aspiring Californian.

They battled to a 10-round draw the first time they met in a bristling battle which saw Patterson down twice and Quarry once.

The meeting brings the fourth and final result in the first set of eliminations with Thad Spencer, Jimmy Ellis and Oscar Bonavena already victorious in their initial scraps.

Patterson, who won the title by stopping Archie Moore 11 years ago, currently has a 46-5-1 record.

Back To Fundamentals Lou Groza's Program

CLEVELAND (AP) — Lou Groza says he consulted with an old coach, Ernie Godfrey, this week to get some help toward regaining the form that made him the all-time leading point-maker in professional football.

Godfrey, who was Groza's kicking coach at Ohio State University, was at Cleveland Stadium Sunday when Groza missed three out of four field goal attempts. At the suggestion of Browns Coach Blanton Collier, Groza telephoned Godfrey for a critique.

"Stay with the kick longer. That's what Ernie Godfrey told me," Lou reported.

Groza practiced kicking Thursday with a one-yard length of white tape extending from in front of the ball.

"I point the tape toward the middle of the goalposts," said The Toe. "It's to make me kick through the ball. I had gotten in the habit of swerving my foot."

Groza developed the tape trick when the Browns played in the old All-America Conference. He used the tape when the Browns joined the National Football Leaue in 1950, but a few years later the NFL outlawed the practice during games.

"It's a return to fundamentals," said Groza of his new program. He's also going to get a book called "fundamentals of place kicking" and study it.

It should have some good pointers in it.

Steve Spray Shoots 64, Sprints Into Sahara Lead

LAS VEGAS, Nev. (AP)—The name Steve Spray may not register as a household fixture for television golf viewers but he was the young fellow, age 26, from Cedar Rapids, Iowa, who led the way today into the third round of the $100,000 Suhara Invitational Golf Tournament.

Spray has been a pro only since March of 1965. He took the play away Thursday from defending champion Jack Nicklaus and other close contenders including Bob Goalby and Frank Beard.

Arnold Palmer, although not the tourney favorite, survived a horrendous first round 76 and qualified for the final 36 holes.

The picture going into the third round at the 7,069-yard, par 36-35 — 71 Paradise Valley Country Club course was:

Spray, with 69-64—133, held a two-stroke lead over Goalby, 68-67—135 and youthful Terry Dill 67-68—135.

Tied at 137 were Nicklaus, 68-69, Beard, 67-70, and Kenny Still, 67-70.

Palmer, who had to shoot at least 68 to remain in the running, shot a 68 and qualified for the last two rounds. He beat the 145 cutoff score by one stroke.

George Bayer, the first-round leader with a 66, drifted back with a 77 for 143 after a round in which he couldn't register a single birdie.

Schollander Continues To Pick Up Gold Medal

By STRATFORD C. JONES

MEXICO CITY (AP) — Don Schollander doesn't expect to burn as bright in 1968 as he did in 1964, but he has served notice he plans to retire in a blaze of glory after leading U. S. swimmers to four gold medals Thursday night in the Pre-Olympics.

The Yale University student, who won four gold medals in the '64 Olympics at Tokyo, captured his second and third golds in the second day of swimming at these Olympic trials.

He outdueled Russia's Leonid Iliechov in the 200-meter freestyle and then anchored the winning U. S. team in the 400-meter freestyle relays after grabbing the 100-meter freestyle Wednesday.

Carl Robie of Philadelphia in the 100-meter butterfly and Jane Barkman of Wayne, Pa., in the women's 100-meter freestyle gave the United States its other two golds for the day.

"We won what we expected," U. S. coaches Sherman Chavoor and Don Gambril said, conceding victories by Holland's Ada Kok in the 100-meter butterfly and East Germany's Sabine Steinbach and Frank Wiegand in the 200-meter backstroke and 200-meter individual medley, respectively.

But both the coaches and Schollander left no doubts that next year's Olympics here will be tough.

"It will be difficult, but not impossible, for someone to win four gold medals next year in swimming," Schollander said, "but it won't be me.

"Since I've been 12 years old, I've been planning retirement after 1968 because then I'll be out of school and practice will be tough." But he plans to go out big.

Schollander, of Saratoga, Calif., teamed with Robie, Peter Williams of Pittsburgh and Andy Strenk of Fullerton, Calif., for a relay time of 3:49.1 to beat Mexico, the only other to try.

Robie won his race in 58.9 as he outswam two Russians and won by four-tenths of a second. Miss Barkman was clocked in 1:01.0, two seconds ahead of Linda Gustavson of Santa Clara, Calif.

Wiegand's time was 2:20.5, enough to beat Hans Ljungberg of Sweden and third-place Williams. Miss Steinbach finished ahead of Kendis Moore of Phoenix, Ariz., in a time of 2:32.8 to Miss Moore's 2:33.9.

Miss Kok, who won the 100-meter butterfly Wednesday, easily won her event in 2:24.8, but like all other times, it was far off her world record of 2:21.0. Patty Caretto of Whittier, Calif., took third.

James Wellington of Philadelphia advanced to the Saturday's final in the light welterweight boxing class by stopping Alfredo Morales of Mexico in the third round.

Steelers Favored Over Saints

Packers, Browns Picked To Fall To Cards, Giants

By JACK HAND
Associated Press Sports Writer

NEW YORK (AP) — St. Louis over Grean Bay and the New York Giants over Cleveland are the upset specials this weekend as the pro football season reached the halfway mark.

Baltimore should remain the only unbeaten team in the National Football League but the San Diego Chargers may fall before the Oakland Raiders in their first American Football League loss.

Any week now the old roof is going to cave in but the Hand picker sneaked through again last week 8-2-2 for 48-16-7 on the season (33-10-5 in the NFL and 15-6-2 in the AFL). Let's try once more. All games are Sunday unless otherwise noted.

NFL

St. Louis 27, Green Bay 21 (Monday night) —Packers romped against Giants' weak defense but had trouble in first half. Bart Starr looked rusty. Cards have running game to take it to Packers in Johnny Roland but young Jim Hart will find that deep defense tough to crack. Jim Bakken will be busy everytime the Cards get down close.

Los Angeles 24, Chicago 10 — Don't forget the fuss when George Allen quit the Bears to take the Rams' job and George Halas blew his stack. No love lost here. Rams can run and throw. Bears still haven't pitched a TD pass and that is only hole in Los Angeles defense. Doubt about Gale Sayers' availability kills Bears.

San Francisco 24, Betroit 17 — The 49ers are coming on strong with John Brodie passing and a covey of running backs. Mel Farr and Pat Studstill doubtful for Lions, who still are erratic in air.

Baltimore 35, Washington 21 — Teams have played ties last two weeks. John Unitas will eat up Redskins' defense but Sonny Jurgensen will find holes in Colts' umbrella. A free-scoring game despite absence of Colts' Raymond Berry and Skins' Charley Taylor. Baltimore won preseason game 23-17 and has taken 15 straight over Skins, counting eight exhibitions.

New York 28, Cleveland 27 — How can you get any closer without calling a tie? Browns won't be stopped by that Giant defense but Fran Tarkenton will give Cleveland fits. He beat them with Minnesota in 1965, the only time they played him in regular season. Cleveland has won four in a row and hasn't lost to Giants since 1963. Frank Ryan playing with injuries. All out for the relay race.

Minnesota 21, Atlanta 13 — The Vikings seem to have found the spark on offense in last two outings and their rough defense should handle Falcons. Vikes won preseason game 16-3 but they still remember that 20-13 loss to Falcons in the snow last year.

Dallas 28, Philadelphia 20 — Don Meredith comes back to pick up Cowboys' offense against Eagles' weak pass defense. Cowboys get the passer and Norm Snead was smeared seven times last week by Cards.

Pittsburgh 27, New Orleans 14 — Kent Nix was called "best rookie quarterback I've seen in 10 years" by Dallas' Tom Landry. The Steelers are no powerhouse but they should break through Saints better than in 20-17 exhibition loss Aug. 19. Lack of running game fatal to Saints.

AFL

New York 35, Boston 20 — Joe Namath should have no trouble with Pat pass defense but Boston may slow down Emerson Boozer. Jets won exhibition 55-13 and knocked Boston out of shot at title last December.

Houston 17, Buffalo 10 — Two teams with little punch but solid defense. Oilers coming off big win over Kansas City, Buffalo off a bye. Houston won Sept. 17 game at Buffalo 20-3. Art Powell out for six weeks.

Kansas City 31, Denver 14 — Chiefs still those home town boos by making it six in a row over Broncs who haven't won since opening day. Another loss and Chiefs can forget all about Super Bowl.

Oakland 34, San Diego 28 — Unbeaten Chargers have top offense, Raiders best defense. Something has to give. San Diego throws an iron curtain around John Hadl but those Raiders have thrown the passer 38 times. In preseason game Oakland won 24-23.

Miami has the bye this week.

Quarry-Patterson Bout Slated For Afternoon

LOS ANGELES (AP)—Floyd Patterson has fought and won a single afternoon bout yet it remains to be seen whether this provides a speck of advantage when he fights Jerry Quarry on Saturday in the World Boxing Association's heavyweight championship tournament.

The ex-champion from New York, declaring he's as hungry for the title as his younger foe, opened as the wagering choice when training started but it could be even-up when they climb into the Olympic Auditorium ring for their 3 p.m. bout slated for 12 rounds.

Patterson's afternoon outing came in Sweden when he stopped Eddie Machen while Quarry has compiled his 24-1-4 record in fights starting at more usual evening times.

"I boxed 95 rounds preparing for this fight and most of the work has started at 2 p.m.," says the 22-year-old Quarry of nearby Bellflower who has no previous experience with afternoon fisticuffs.

A television commitment set the hour of the 12-round rematch between Patterson, who twice has held the championship, and the aspiring Californian.

They battled to a 10-round draw the first time they met in a bristling battle which saw Patterson down twice and Quarry once.

The meeting brings the fourth and final result in the first set of eliminations with Thad Spencer, Jimmy Ellis and Oscar Bonavena already victorious in their initial scraps.

Patterson, who won the title by stopping Archie Moore 11 years ago, currently has a 46-5-1 record.

Thornton Leaves NAU Grid Team

The Northern Arizona University Lumberjacks' leading ground-gainer, Chris Thornton, 200 - pound sophomore tailback from Wellsville, turned in his uniform for the rest of the season, head coach Andy MacDonald announced Monday.

Thornton turned in his equipment last Thursday or Friday while the Lumberjacks were en route to the Long Beach game, MacDonald indicated.

MacDonald says that Thornton told him that he had decided to discontinue playing because his leg was not well enough. Thornton also indicated that he plans to transfer at the semester change.

Thornton, ranked third in the nation in rushing last week by NAIA, pulled a hamstring in the Lumberjack - Western Illinois game on Oct. 14. In that game he set a new NAU rushing record of 316 yards and boosted his total rushing yardage to 787 for a 157.4 yard per game average and a 6.8 yard per carry mark.

As a freshman last year he was the Lumberjacks' leading rusher following a late start, and this year continued to lead the Lumberjacks in rushing even after missing the Whittier and Long Beach games. He was also the leading scorer this year with nine TDs. He had also passed for another score. Thornton's brother Harry, a freshman, is a defensive halfback for NAU.

WVU Tough Opponent For Unbeaten Va. Tech

MORGANTOWN (AP) — Unbeaten Virginia Tech invades West Virginia University's home ground Saturday to battle the Mountaineers.

Pre-game prognosticators lean toward a WVU victory, and the Techmen admit that the Mountaineers will be their biggest test in VPI's push for national ranking and a major bowl berth.

West Virginia, with a 4-1-1 record against Tech Coach Jerry Claiborne, is the only rival with a winning record since the Bear Bryant disciple came to Blacksburg, Va., in 1961.

The last time Tech beat WVU was in 1963 at Morgantown. The teams tied last season at Blacksburg.

Coach Jim Carlen's Mountaineers are 4-2 for the season, compared to Tech's unblemished 6-0 record. But Claren was proud of his boys' scrappy performances in the Syracuse and Penn State losses — and he is confident of downing Tech.

Football scouts consider the two teams "look-alikes" in many respects.

Each team is stingy against a running game. Tech is among the national leaders, having yielded 51 yards a game to opponents' rushes. WVU's figure is 86.7 yards, but the Mountaineers overall defense has given up slightly less than 200 yards a game, compared to Tech's overall yield of 223 yards a game.

The punt-return game is an important part of WVU's arsenal, the same as Tech's.

The two teams are the same in their passing game, although WVU's statistics are higher than Tech's.

Each team is expected to be without its No. 1 ball carrier Saturday. WVU's tailback Garret Ford has been sidelined since the start of the season with ankle troubles, and VPI's Terry Smoot will also be out of action.

However, the Mountaineers face a real threat in Smoot's replacement, tailback George Constantinades, a 5-10, 213-pound junior from Chesapeake, Ohio. "Big George" has carried the ball 36 times and cranked out 169 yards in two games this season.

WVU's soccer - style kicking marvel, Ken Juskowich, is expected to be the big threat for VPI, having connected on 11 of 13 field goal attempts and 12 of 13 extra point conversions. And the Mountaineers' quarterback Tom Digon, expected to make the game an aerial contest.

WVU's three quarterbacks — Digon, Garland Hudson and Peter Secret — have thrown more passes in six games than the team did in all of 1966.

Fans, Team, Weather Cold In Minnesota

By The Associated Press

Minnesota was cold. So were the Muskies. And the fans don't seem to have warmed up to the idea of a new professional team either.

Only 307 customers turned out Thursday night as the temperature was in the 30s and Anaheim beat Minnesota 115-99 in an American Basketball Association contest.

The Amigos turned a 26-24 first-quarter lead into a 61-45 halftime bulge and coasted home from there.

In other ABA games Thursday night, New Jersey edged Kentucky 134-131 at Louisville before 3,985 fans and Oakland downed Indiana 118-114 on the West Coast before a crowd of 2-986. No games were scheduled in the National Basketball Association.

Steve Chubin led Anaheim with 24 points and Jeff Congdon added 20. Mel Daniels of the Muskies led all the scorers with 26 points. It was Anaheim's first victory after five straight defeats. Minnesota is now 1-3.

Art Heyman sparked New Jersey to its victory with five points in the last two minutes. His three-point basket with 1:59 left gave the Americans a one-point edge and a minute later he scored again. The former Duke star finished with 30 points. Jim Ligon led Kentucky with 29 points.

Oakland rallied in the final quarter and handed Indiana its first setback of the season. The Oaks lead the Western Division with a 3-1 record while the Pacers pace the West at 5-1. Andy Anderson topped Oakland with 30 points and Roger Brown was high for Indiana with 26.

Stanton Outlasts Brilliant In 42-36 Grid Struggle

Stanton Local outlasted Brilliant 42-36 in a wild offensive battle at Stanton last night.

The Red Raiders took a 28-22 halftime lead and hung on. Brilliant was on the Stanton 30, driving for the tying touchdown, when the game ended.

Jack Olesky twice passed to Bill Koehnlein for scores and ran for a third TD. Elmer Tice scored twice and Jack Byers notched the other tally for Stanton. Tice gained 146 yards rushing. Stanton was aided by six turnovers by the Brilliant team, which nevertheless gained 302 yards and 19 first downs. Stanton topped this with 20 first downs and 310 yards, however.

Filly Queen Of The Stage, Damascus Top Horses

By ORLO ROBERTSON
Associated Press Sports Writer

Damascus, king pin of thoroughbred racing this year, and unbeaten Queen of the Stage, ruler of the 2-year-old fillies, play the major roles Saturday in the two top attractions on the American turf.

Damascus, winner of 11, 10 in stakes, in 14 starts and earner of $723,631 en route to the American championship and the 3-year-old title, goes in the two miles of the $100,000-added Jockey Club Gold Cup at Aqueduct.

Queen of the Stage, never seriously threatened in winning all seven of her races, is the short-priced choice to take $100,000 Selima at Laurel Md., and launch the Phipps family and trainer Eddie Neloy on a drive to sweep four of the country's richest stakes for 2-year-olds in four weeks.

On Saturday Nov. 4, the country's most successful stable bids for the Pimlico-Laurel Futurity with Vitriolic and What a Pleasure. A week later Queen of the Stage will be back for the Gardenia at Garden State Park and on Nov. 18 Vitriolic and What a Plasure go after the $250,000 Garden State Stakes.

Not more than three are expected to tackle Damascus, who'll be making his last start before representing the United States in the Washington D.C. International at Laurel Nov. 11. The 3-year-old son of Sword Dancer figures to be the odds-on-choice on a record that include practically all of the major 3-year-old stakes, except the Kentucky Derby, and an easy triumph over Buckpasser and arch-rival Dr. Fager in the Woodward Sept. 30.

With four starters, the Gold Cup will be worth $106,200 with $69,290 going to the winner. Aqueduct officials looked for Handsome Boy, a speedster who was fourth in the Woodward after winning four rich stakes earlier in the season, and two horses who have showed route running ability to oppose Mrs. Edith W. Bancroft's star.

The two are Successor, last year's 2-year-old champion from Neloy's barn, and Gentleman James.

Thornton Leaves NAU Grid Team

The Northern Arizona University Lumberjacks' leading ground--gainer, Chris Thornton, 200 - pound sophomore tailback from Wellsville, turned in his uniform for the rest of the season, head coach Andy MacDonald announced Monday.

Thornton turned in his equipment last Thursday or Friday while the Lumberjacks were en route to the Long Beach game, MacDonald indicated.

MacDonald says that Thornton told him that he had decided to discontinue playing because his leg was not well enough. Thornton also indicated that he plans to transfer at the semester change.

Thornton, ranked third in the nation in rushing last week by NAIA, pulled a hamstring in the Lumberjack - Western Illinois game on Oct. 14. In that game he set a new NAU rushing record of 316 yards and boosted his total rushing yardage to 787 for a 157.4 yard per game average and a 6.8 yard per carry mark.

As a freshman last year he was the Lumberjacks' leading rusher following a late start, and this year continued to lead the Lumberjacks in rushing even after missing the Whittier and Long Beach games. He was also the leading scorer this year with nine TDs. He had also passed for another score. Thornton's brother Harry, a freshman, is a defensive halfback for NAU.

WVU Tough Opponent For Unbeaten Va. Tech

MORGANTOWN (AP) — Unbeaten Virginia Tech invades West Virginia University's home ground Saturday to battle the Mountaineers.

Pre-game prognosticators lean toward a WVU victory, and the Techmen admit that the Mountaineers will be their biggest test in VPI's push for national ranking and a major bowl berth.

West Virginia, with a 4-1-1 record against Tech Coach Jerry Claiborne, is the only rival with a winning record since the Bear Bryant disciple came to Blacksburg, Va., in 1961.

The last time Tech beat WVU was in 1963 at Morgantown. The teams tied last season at Blacksburg.

Coach Jim Carlen's Mountaineers are 4-2 for the season, compared to Tech's unblemished 6-0 record. But Claren was proud of his boys' scrappy performances in the Syracuse and Penn State losses — and he is confident of downing Tech.

Football scouts consider the two teams "look-alikes" in many respects.

Each team is stingy against a running game. Tech is among the national leaders, having yielded 51 yards a game to opponents' rushes. WVU's figure is 86.7 yards, but the Mountaineers overall defense has given up slightly less than 200 yards a game, compared to Tech's overall yield of 223 yards a game.

The punt-return game is an important part of WVU's arsenal, the same as Tech's.

The two teams are the same in their passing game, although WVU's statistics are higher than Tech's.

Each team is expected to be without its No. 1 ball carrier Saturday. WVU's tailback Garret Ford has been sidelined since the start of the season with ankle troubles, and VPI's Terry Smoot will also be out of action.

However, the Mountaineers face a real threat in Smoot's replacement, tailback George Constantinades, a 5-10, 213-pound junior from Chesapeake, Ohio. "Big George" has carried the ball 36 times and cranked out 169 yards in two games this season.

WVU's soccer - style kicking marvel, Ken Juskowich, is expected to be the big threat for VPI, having connected on 11 of 13 field goal attempts and 12 of 13 extra point conversions. And the Mountaineers' quarterback Tom Digon, expected to make the game an aerial contest.

WVU's three quarterbacks — Digon, Garland Hudson and Peter Secret — have thrown more passes in six games than the team did in all of 1966.

Fans, Team, Weather Cold In Minnesota

By The Associated Press

Minnesota was cold. So were the Muskies. And the fans don't seem to have warmed up to the idea of a new professional team either.

Only 307 customers turned out Thursday night as the temperature was in the 30s and Anaheim beat Minnesota 115-99 in an American Basketball Association contest.

The Amigos turned a 26-24 first-quarter lead into a 61-45 halftime bulge and coasted home from there.

In other ABA games Thursday night, New Jersey edged Kentucky 134-131 at Louisville before 3,985 fans and Oakland downed Indiana 113-114 on the West Coast before a crowd of 2-986. No games were scheduled in the Netional Basketball Association.

Steve Chubin led Anaheim with 24 points and Jeff Congdon added 20. Mel Daniels of the Muskies led all the scorers with 26 points. It was Anaheim's first victory after five straight defeats. Minnesota is now 1-3.

Art Heyman sparked New Jersey to its victory with five points in the last two minutes. His three-point basket with 1:59 left gave the Americans a one-point edge and a minute later he scored again. The former Duke star finished with 30 points. Jim Ligon led Kentucky with 29 points.

Oakland rallied in the final quarter and handed Indiana its first setback of the season. The Oaks lead the Western Division with a 3-1 record while the Pacers pace the West at 5-1. Andy Anderson topped Oakland with 30 points and Roger Brown was high for Indiana with 26.

Stanton Outlasts Brilliant In 42-36 Grid Struggle

Stanton Local outlasted Brilliant 42-36 in a wild offensive battle at Stanton last night.

The Red Raiders took a 28-22 halftime lead and hung on. Brilliant was on the Stanton 30, driving for the tying touchdown, when the game ended.

Jack Olesky twice passed to Bill Koehnlein for scores and ran for a third TD. Elmer Tice scored twice and Jack Byers notched the other tally for Stanton. Tice gained 146 yards rushing. Stanton was aided by six turnovers by the Brilliant team, which nevertheless gained 302 yards and 19 first downs. Stanton topped this with 20 first downs and 310 yards, however.

Both teams are now 5-2.

Filly Queen Of The Stage, Damascus Top Horses

By ORLO ROBERTSON
Associated Press Sports Writer

Damascus, king pin of thoroughbred racing this year, and unbeaten Queen of the Stage, ruler of the 2-year-old fillies, play the major roles Saturday in the two top attractions on the American turf.

Damascus, winner of 11, 10 in stakes, in 14 starts and earner of $723,631 en route to the American championship and the 3-year-old title, goes in the two miles of the $100,000-added Jockey Club Gold Cup at Aqueduct.

Queen of the Stage, never seriously threatened in winning all seven of her races, is the short-priced choice to take $100,000 Selima at Laurel Md., and launch the Phipps family and trainer Eddie Neloy on a drive to sweep four of the country's richest stakes for 2-year-olds in four weeks.

On Saturday Nov. 4, the country's most successful stable bids for the Pimlico-Laurel Futurity with Vitriolic and What a Pleasure. A week later Queen of the Stage will be back for the Gardenia at Garden State Park and on Nov. 18 Vitriolic and What a Plasure go after the $250,000 Garden State Stakes.

Not more than three are expected to tackle Damascus, who'll be making his last start before representing the United States in the Washington D.C. International at Laurel Nov. 11. The 3-year-old son of Sword Dancer figures to be the odds-on-choice on a record that include practically all of the major 3-year-old stakes, except the Kentucky Derby, and an easy triumph over Buckpasser and arch-rival Dr. Fager in the Woodward Sept. 30.

With four starters, the Gold Cup will be worth $106,200 with $69,290 going to the winner. Aqueduct officials looked for Handsome Boy, a speedster who was fourth in the Woodward after winning four rich stakes earlier in the season, and two horses who have showed route running ability to oppose Mrs. Edith W. Bancroft's star.

The two are Successor, last year's 2-year-old champion from Neloy's barn, and Gentleman James.

A Junior Editors Quiz About CATS

QUESTION: Where did cats without tails originate?

★ ★ ★

ANSWER: Halfway between England and Ireland lies the Isle of Man. The residents of this island are called Manx or Manxmen. Although tailless cats can be found in other parts of the world, particularly in the Malay regions and the Philippines, the best-known originated on the Isle of Man. Did the ancestors of this breed of cat come from the Far East? This is not known. Sudden variations or mutations often occur in nature and a short-tailed or tailless cat was born on the Isle of Man. Perhaps the people liked this cat's appearance and mated it with another short-tailed cat; after generations of such mating, the Manx became a distinct breed. All Manx cats do not lack tails. Some kittens are born with very short or bobbed tails. Manx cats have longer legs than other varieties and the way they hop has led to the nickname "rabbit cats." They were first brought to the U.S. in 1820.
